### Rutland County Historical Society.

Agreeably to previous notice, several gentlemen, from different parts of the county, assembled at the HERALD editorial rooms, on Tuesday evening. The meeting was called to order by Chauncy K. Williams, and was organized by the appointment of Henry Hall, Chairman, and C. K. Williams Secretary.

After consultation and discussion, it was voted to proceed to the formation of a County Historical Society.

A Constitution was then drawn up and adopted. The Constitution will be published hereafter.

The Society being fully organized, proceeded to the election of officers, which resulted as follows:

PRESIDENT.

Hon. Loyal C. Kellogg, Benson.

VICE-PRESIDENTS.

Henry Hall, Rutland.
Hon. Barnes Frisbie, Poultney.

CORRESPONDING AND RECORDING SEC'Y.

Chauncy K. Williams, Rutland.

TREASURER.

Augustus D. Smith, Danby.

LIBRARIAN.

Henry Clark, Rutland.

CURATORS.

Henry Clark, Chairman, Rutland.
Rev. William Ford, Brandon.
Rev. Aldace Walker, Wallingford.
Rev. Wm. T. Herrick, Clarendon.
Hon. John Crowley, Mt. Holly.
Rev. A. N. Adams, Fairhaven.
Hiland E. Paul, Wells.
Hiel Hollister, Pawlet.
Joseph Joslin, Poultney.
Hon. Chauncey S. Rumsey, Hubbardton.

After the election of several honorary and resident members, and the transaction of preliminary business, the Society adjourned, to meet at the call of the Executive Committee.

ACCIDENT.—As Capt. J. C. Baker was driving to Wallingford last night, after court adjourned; when near Clarendon flats going down hill, something broke about the wagon, which frightened the horse, so that he became unmanageable. The horse ran quite a distance, completely demolishing the wagon, and throwing the Captain violently upon the ground, where he struck partly upon his head, inflicting a scalp wound and rendering him, for a time, insensible. Notwithstanding which, the redoubtable Captain, was enabled to get to Wallingford in time to take the evening train for this place. He arrived here at ten o'clock last night in a bandaged condition.

TRANSFER OF REAL ESTATE.—Mr. J. W. Cramton has sold his north store, in the block just erected by him, next to that of Mr. T. S. Gilson, to Mr. J. E. Glynn, for the sum of $12,000.

—Mr. J. M. Otis has sold his residence on Willow street, to Dunn, Sawyer & Co.

—Mr. J. Perkins has sold to I. D. Cole, a building lot on Perkins Avenue, a desirable location of about half an acre, for $1,100. Mr. Cole proposes to build a residence for himself on the lot.

CLARENDON.—I notice an article in your last weekly issue, that the opposition to the new road, on the west side of the Creek, was nearly withdrawn, I think you are in error. It is as strong as ever, and probably will be for some time to come.

—A game of base ball was played at Cuttingsville, between the Knickerbocker club of Cuttingsville, and the Pico club of Clarendon, which resulted in favor of the Pico. The following is the score: Pico 22, Knickerbocker 14. W. P. Horton, umpire. H.

A CENTENARIAN.—Mrs. Stiles, of Peru, Vt., mother of F. K. Stiles, was one hundred and two years old on the 7th of April, 1867.

MIDDLETOWN.—*Editors of the Herald:*—A grand squirrel hunt came off in town last Saturday, Wyllis Haynes and Emmett Leonard being Captains, each in command of eleven chosen men. The objects aimed at—aside from the *game*—seemed to be, first, the amusement to be derived from the hunt, since the squirrels, though most of them *gray-coats*, were none of them Rebels, so that they could not have been shot from motives of patriotism; and last, but not least, the supper, to be served at Thompson's Hotel, expenses to be paid by the less successful party. The result was as follows—164 gray squirrels, 47 red squirrels, one hawk, one owl, one pigeon, one partridge, one crow, *and*—a good supper, to which ample justice was undoubtedly done, while some *fowl* play was evidently practised, as several *turkeys* were seriously involved in the affair. Captain Haynes' company secured 95 gray squirrels, and the larger portion of the remaining game, and consequently came in ahead, while Captain Leonard's company, as a matter of *course*, came in afoot, and so gracefully footed the Bill. You will naturally infer, and correctly, too, that game, especially squirrels, is not as plenty in town as it was a week ago.

—The mineral spring continues to be the chief centre of attraction here, and the general subject of remark, "the weather," even, being second in comparison. Not only does it keep running, but people from far and near keep running, too, and carrying off the water by the gallon, and coming back for more. Some wonderful effects have recently been reported. Cancers and dyspepsia seem to be succumbing to its recuperating power. The Messrs. Gray have already expended considerable time and money in improving the surroundings, and propose to expend still more: and people are assured that when they call they will meet with a gentlemanly reception, and be invited, of course, to call again. The spring is daily gaining popularity, and no wonder, for it does one good just to *look* at it,—"*only* that, and nothing more," while its waters keep bubbling as bountifully as ever, and

Relieving all troubles rheumatic,
Making invalids sprightly and gay;
While cripples, with pleasure ecstatic,
Are throwing their crutches away.

OLD MOTHER MORY.

### Grand Republican Mass Meeting at Plattsburgh, N. Y.

Grand rally of Republicans, under the auspices of the Republican County Committee and Grant and Colfax Club, on Wednesday, October 7, 1868.

The following distinguished gentlemen will be present and address the meeting:

Hon. Henry Wilson, U. S. Senator, Mass.

Gen. Dan. E. Sickles, of New York.

Maj.-Gen. Alfred Pleasanton, of cavalry fame.

Hon. Geo. F. Edmunds, U. S. Senator, Vermont.

Hon. Luke P. Poland, Member of Congress, Vermont.

Colonel Deming, of Hartford, Ct.

Hon. John W. Stewart, of Vermont.

The Grant and Colfax Clubs, with their bands of music, banners, flags, and whatever else may pertain to that organization, together with Republicans generally of Northern New York and Vermont, are invited to attend.

Wm. P. Mooers, N. Lapham, A. W. Lansing, C. E. Everst, D. S. Carter, John Parkhurst, Republican County Committee.

Jerome B. Bailey, Pres. Grant and Colfax Club, Plattsburgh. D. S. McMasters, Col. Frank Palmer, Jabez Bidwell, Vice Presidents.

Plattsburgh, Sept. 22, 1868.

The Republican State Committee of Vermont, by special request of the Clinton County Committee and Grant and Colfax Club, extend the above invitation to the various Grant and Colfax Clubs of this State, and to all the friends of Grant, Colfax and Griswold in Vermont. The meeting will doubtless be one of the most notable demonstrations ever made in Northern New York, and it is hoped that many Vermonters will be glad to give the aid of their presence and encouragement to the Republicans of the Empire State, on that occasion.

For the State Committee,
G. W. GRANDEY, Chairman.
G. G. BENEDICT, Secretary.

BOOTS AND SHOES.—See advertisement in another column of Sherwin & Clark's new boot and shoe store. These enterprising young men hail from Ludlow, where they have been in business for several years, and are deserving of success.

A NOVEL LAW SUIT.—A few days since a gentleman entered a horse at the Island Park course, and promised to pay entrance after the races. He neglected to do this. On Friday he was sued for the claim, and a judgment rendered against him for the full amount and costs.

NORWICH.—The fall term of the Classical and English Boarding School, Wm. H. Gilbert, principal, has opened under very auspicious circumstances, having 93 pupils.

—A very precious work of grace is also in progress in the town.

BIBLE SOCIETY.—Rev. Jesse L. Peck, of Albany, N. Y., will deliver the address at the anniversary of the Vermont Bible Society, to be held at Montpelier on the 14th of October.

MIDDLEBURY.—A chimney, which is to be one hundred feet high, is in process of erection in East Middlebury.

—The Register says: Drunkenness is becoming, or rather has became, frightfully prevalent in Middlebury. Last Friday afternoon, we saw nearly a dozen men reeling about our streets, and we understand that one, becoming boisterous, had to be put out of the postoffice by force. Several arrests were made.

—A disgraceful row took place in the College chapel, on Wednesday afternoon, between the Sophomores and Freshman, in which one young man was knocked down and others seriously threatened. Of the merits of the case, we know nothing, but suppose the Sophomores must have been the aggressors. We are glad to learn that the Faculty are making a thorough investigation of the case, and that they will visit the offenders with summary justice we have no doubt.

PENMANSHIP.—Persons attending the fair will notice the beautiful specimens of penmanship exhibited by the Rutland Business College. Prof. Farley, the penman, is master of his business.

SERIOUS ACCIDENT.—Mr. E. O. Young, a freight conductor on the train south, was knocked off the saloon car in one of the Northfield bridges on Saturday night last. Mr. Young was looking from the door of his car underneath it to see if everything was in order, when the bridge hit him. He received severe injuries about the head, and one of his legs was badly jammed, but it is not expected that the accident will prove fatal. The injured man went forward on the same train to Roxbury, where he resides.

### Vermont Items.

—Mr. George Kingman, of Vergennes, had his left hand shockingly mutilated by a circular saw, in Swiney & Lewis' manufactory, on Wednesday. His hand was cut through on the inside, severing the cords, and cutting off almost entirely the thumb and little finger. It was skilfully dressed by Dr. Kidder.

—Mr. S. L. Thompson, of Proctorsville, has just taken from his garden three "Mammoth Yellow Squashes," weighing respectively 85, 57 and 41 pounds, making a total of 183 pounds, all the product of one seed.

—Willoughby Lake, Vermont, promises to lose some of its romantic and wild character. Extensive quarries of ax, scythe and mowing machine stones have been developed, and are about to be worked. Oil stone, or hone, has also been found.

—Mr. Geo. Manson raised this year, on his farm in Corinth, from thirty-six lbs. of seed, thirty-seven bushels of early Goodrich potatoes.

SPARED FOR THE NEXT EARTHQUAKE.—The Lamoille Newsdealer says: Russell Wing, of Chile, South America, who has recently been on a visit at his home in this village writes us from Boston about the earthquake in South America. His town, Celdera, was considerably damaged, but Russ says he was spared for next time. The great sea wave came up to his store door, swept away a lighter and deposited in its place a hulk full of coal but did no other damage to his property. We congratulate him on his narrow escape from ruin, and while we are about it we may as well extend to him our thank for a box of Havana cigars of the very best brand.

THE FAMILY FRIEND"—This is the Title of a nice little eight page newspaper published quarterly by W. J. Moses, Auburn. Arrangements have been made to have this paper mailed to the subscribers of our Weekly HERALD without charge to them.

☞When the Plantation Bitters were first made known to the American people, some seven years ago, it was supposed they were an entirely new thing, and had never before been used. So far as their general use in the United States is concerned, this may be true. It is also true that the same Bitters were made and sold in the Island of St. Thomas, over forty years ago, as any old planter, merchant or sea captain doing business with the West Indies will tell you. It is distinctly within my recollection that on the return of my father (who was a sea captain, and doing an extensive trade in the tropics), he would invariably have the Bitters among the ship's stores, and our family sideboard was never without them. For any sickness, it matters not how severe or trifling, the decanter of these bitters, by a different name, was always resorted to as a sovereign remedy.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

☞Rev. Stephen H. Tyng, of New York, says: "I have had the Grover & Baker Machine for ten or twelve years in constant use in my house. I have seen and known every kind of family sewing, both personal and household, accomplished upon the Grover & Baker Machine, of which there has been a portion of the time two in my house at work, to the entire satisfaction of all who were concerned."—Testimony before the Commissioner of Patents.

THE GREAT NEW ENGLAND REMEDY.
DR. J. W. POLAND'S WHITE PINE COMPOUND.

Cures Sore Throat, Colds, Coughs, Diptheria, Bronchitis, Spitting of Blood, and Pulmonary Affections generally. It is a remarkable remedy for Kidney Complaints, Diabetes, Difficulty of Voiding Urine, Bleeding from the Kidneys and Bladder, Gravel and other Complaints.

BOSTON, Jan. 20, 1868.

POLAND'S WHITE PINE COMPOUND.—After having given it a thorough trial, we can confidently recommend Poland's White Pine Compound as a very valuable article for the cure of colds, coughs and pulmonic complaints generally. In several cases we have known it to give prompt relief, when all other remedies which had been tried had failed. It is an article which, in a climate so promotive of sudden and severe colds as that of New England, ought to be in every family; and we are sure that those who once obtain it and give it a fair trial, will not thereafter be willing to be without it.—Boston Journal.

A VALUABLE MEDICINE.—Dr. Poland's White Pine Compound, advertised in our columns, is a successful attempt to combine and apply the medicinal virtues of the White Pine Bark. It has been thoroughly tested by people in this city and vicinity, and the proprietor has testimonials to its value from persons well known to our citizens. We recommend its trial in all those cases of disease to which it is adapted. It is for sale by all our druggists.—N. Y. Independent.

The White Pine Compound is now sold in every part of the United States and British Provinces.

IMPURE BLOOD, MUDDY WATER.

Pure blood may be compared to pure water, and impure blood to muddy water. If you pass muddy water through muslin you soil it; continue the process and you cover with thick mud. Blood passes through all parts of the body; if good and pure it nourishes and cleanses the parts it goes through. If impure it leaves more or less dirt behind it. Brandreth's Pills are the medicine wanted, because they are made on purpose to take dirty humors out of the body, and they never fail. These pills cure scrofula, even of forty years' standing; they have cured cases of rheumatism when the patient had not walked for four years; of paralysis, where the legs had lost their power of movement for seventeen years. The evidence in these cases cannot be disputed. Is there a town in the world where such evidence exists not? If Brandreth's pills have been much used there we know that such evidence can be found.

But be sure and see upon each box my name in the government stamp in white letters.

The Alabama delegation had an interview with the President and Secretary of War this morning at the executive mansion. They were assured all necessary aid would be furnished to the State government in case of any transgressiou upon authority, and the department commander is to be instructed accordingly, and authorized to call for additional troops if necessary. Probably one regiment of infantry will shortly be forwarded to Gen. Meade.

From information which has just been received here concerning the instructions to General Sheridan, it is believed that he will, within the next two weeks make such a move against the hostile Indians on the frontier, as to put an end to the apprehensions of a general Indian war.

The public debt statement for September, will probably be issued next Monday. Judging from present information, it will show a larger intrease over that of the previous monthly statement.
