PRACTICAL HATTERS,

(SUCCESSORS TO HOWARD STRONG),

42 Main Street. 42

Lockport Daily Journal.

LOCKPORT, N. Y.

Monday Evening, Aug. 24, 1868.

CITY AND VICINITY.

Local Brevities.

—New counterfeit ten dollar greenbacks are reported to be in circulation.

—The days are slowly but surely shortening. Day and night will be of equal length on the 21st of September.

—We have been informed that our farmers are not raising as much buckwheat as usual this year. We do not know how truthful this statement may be, but hope to see pancake material cheap, as we must have it.

—The Governor's Commission for investigating the cattle disease have reported that they intend to inforce a strict quarantine of infected cattle, and insist upon the cleanliness of cars used in their transportation.

—A Saratoga trunk belonging to Miss McFlimsey, has been purchased by parties in this city. They intend to fit it with wheels, cut windows in the sides and use it as a street railroad car.

—Take half a spoonful of black pepper in powder, one teaspoonful of brown sugar, and and one teaspoonful of cream; mix them well together and place them in a room where the flies are troublesome, and they will soon disappear.

—Postmaster General Randall has, in conformity with the recent act of Congress, issued orders to his subordinates to send to the Dead Letter Office all letters, circulars, &c., concerning lotteries, gift concerts, and similar swindles.

—Oysters are coming into favor again, now that the cool night breezes give a foretaste of Fall. A facetious oysterman says that August is properly the opening month for the bivalves, seeing that it has an "r" in it. He spells it "Orgust."

—A dark bay mare was stolen from the pasture of Isaac Wilson, town of Lockport, on the Warren's Corners Road, on Thursday night last. Twenty-five dollars reward will be given to any person who will return said mare, and twenty-five dollars for the arrest and conviction of the thief.

—The game of base ball played between the Niagaras, of Buffalo, and the Alerts, of Rochester, on Saturday last, in the latter city, resulted in favor of the Alerts by a score of 30 to 13. This result was unexpected, and places the Alerts high up in the list of ball clubs. The return game will probably be played in Buffalo, on Wednesday next, when, no doubt, the Niagaras will show a better hand. Atwater's balls seem to be "just the things" for the Alerts.

—Michael Dunn, late of New York city, is erecting large and substantial coal bins in rear of J. U. Hamilton & Co.'s Grocery Store, for the purpose of opening a coal yard to the public. A track will be laid, running from the canal dock into the building, and by the aid of a turn-table will deposit coal from the canal boats into either bin desired. Mr. Dunn expects to be in full running order in about one month, and will be ready to deliver coal in about two weeks. The ground was purchased by the proprietor of the coal yard of Geo. W. Rogers.

—To-morrow will be a gala day for the members of De Witt Clinton Engine Company No. 2 of this city. The arrangements for the grand picnic are now completed, and a large number of the friends of the company have signified their intention to accompany the boys in their day's pleasure. Fun, to be enjoyed, must be had in connection with those who know how to make it, and the sports to be indulged in will tend to make a man "laugh and grow fat." Then, again, Harry Huson, the *comique*, whole-souled, friendly fellow, will be along, a mere announcement of which is all that is necessary. Take a sail with the boys, to morrow.

—When the fashionable people are about returning to their homes, the man of taste begins to prepare for the country. Nature is never so charming as in her autumn dress, the air never so invigorating, and health never readier to return at the beck of him who seeks her. The Indian summer, with its quiet beauty, is the climax of the season of flowers and fruits. Happiest of the pleasure seekers are those who can spare the time to enjoy the country during the weeks that intervene between harvest and the frost.

Sporting Pastimes.

—The game between the Excelsiors of Rochester, and the Haymakers of Lansingburgh, is postponed till the latter part of this week, the latter club having consented to that arrangement.

—The "Early Birds" of Rochester, gobbled up the "Worms" of that city, Wednesday afternoon, to the tune of 31 "Birds" to 32 "Worms," hardly a worm apiece. How would it have been if the "Worms" had gobbled up the "Birds"?

—A selected eleven from the most celebrated cricketers of England, will sail from Liverpool, September 2d, and will arrive in New York about the 12th or 13th. During the first week of their arrival they will play matches against two selected twenty-twos from various clubs in the State of New York and city of New York and its environs.

Over three thousand persons were in attendance Saturday afternoon to witness the game of base ball between the Union Club of Morrisania and the Buckeye of Cincinnati, and the game resulted in the success of the Unions by a score of twelve to seven.

—Taylor, who commenced walking one hundred miles in twenty-four hours at four o'clock Friday afternoon, at Fitchburg, Mass., for five hundred dollars, gave it up at 3:45 p. m., Saturday, having walked 88½ miles in eighteen hours and thirty-one minutes resting five hours and twenty minutes.

The Troy Times says not a single one of the Haymaker nine receive a salary for playing base ball. Not a man of the club receives a penny beyond his share of the gate money taken at matches, and one of them (Run, pitcher, who is a wealthy Cuban,) does not take his portion of that, but generously gives it to his brother players.

STATE CITY DIRECTORY.—All persons having changed their residence since the issue of the New City Directory called, will please leave their present address at Barnes's Book and News Room, Pine street, Lockport, N. Y.

COMPILER.

LACE COLLARS.

THIRTY-ONE

DIFFERENT STYLES,

AND ALL NEW.

Splendid assortment, and very cheap, just received at

COLWELL'S BAZAR.

POLICE COURT, Aug. 24th.—James Cramer for drunk. Fine and costs $12, or ten days in jail. Thomas Watson same.

—The Annual Meeting of the Lockport City Bible and Tract Society for the election of officers for the ensuing year, was held at the Chapel of the Congregational Church, Friday evening, August 14, 1868, according to previous notice. The following named persons were duly elected officers for the ensuing year:

For President—William Glover.
For Vice-President—Dr. S. F. Clark.
For Secretary—Dr. J. W. Grosvenor.
For Treasurer—R. W. Beck.

The following named persons were also elected as a Board of Managers for the ensuing year:

Rev. G. W. Marcellus, Mrs. E. Rowley, Mrs. P. D. Walter, McKinney Wimple, Samuel Anson, Mrs. Joseph Norman.

THOS. SCOVELL, Sec'y.

WOOL.—The Elmira Gazette notices the wool trade in that locality as follows: "The wool market is dull and heavy. A very large portion, full three-quarters, must be marketed, though we hear of a good many lots back. The clip was brought in this season in a very short time—a good many having been "bitten" last year and year before. In some instances buyers have purchased three years clips—clips that last year and year before were offered sixty cents for, now selling for from thirty-eight to forty. The present price is from thirty-five to thirty-eight cents, though extra fine lots may realize forty cents. We assure farmers and dealers that there is no chance for an advance this season. Factories have pretty generally got their supplies, and it is very rare now that agents or speculators are seen in the country making advances. The clipper himself must now find a market for his wool, must bring it in; nobody will run after him to get it."

Local Press.

The Jamestown people are indulging in lots of picnics, with excursions over Chautauqua lake.

—Rev. T. K. Beecher is still luxuriating among the country towns of Connecticut.

—Wyoming county fair will be held on the 22d and 23d of September.

—There is to be a Grant and Colfax picnic at Saratoga on the 26th.

—Colonel Hosmer will deliver a poem at the annual masonic picnic at Portage, on the 10th of September. His subject is "Masonry."

—Thirty boys and girls, from the Children's Aid Society, were provided with homes recently at Franklinville.

—A little boy of Chautauqua recently died from hay seed descending into the air passages while playing with a head of timothy in his mouth.

—A female fortune teller at Saratoga is said to have made twenty five dollars a day during race week.

—Deacon Abner Huntly, of Cuba, recently joined the Good Templars at the age of 101 years. The Patriot says: "As Mr. Huntly never used intoxicating liquors in his life, there is now some danger that he will get in the habit of doing so!"

—Fred Douglass will deliver an oration at the celebration of emancipation held at Geneva, the 27th instant.

—Saratoga produced a match last week between a bachelor of sixty-five and a maid of eighteen. Cupid surrendering to cupidity. Then follows marriage—(matter of money, nothing more.) June swears to love January and has all the while, June gets the sulks. January becomes jealous. Jun runs away with a gambler. January blows his brains out. June lives with gambler two years. Gambler then elopes with a fresh fool and June takes strichnine. Verdict by common sense—"Served right."

—The Utica papers say there were some fat men at Utica, to attend the base ball match, on Wednesday. The heaviest man present was from West Troy. His weight is expressed in the figures 375. A gentleman from Beaufort, N. C., weighed 284 pounds, and two brothers (twins) from Rochester, weighed, one 278, and the other 254 pounds. The fourteen heaviest men weighed respectively as follows: 200, 209, 210, 218, 235, 240, 254, 258, 270, 278, 309, 309, 354, 375. The fat boys had a jolly good time.

—The Erie Railway Company has caused to be constructed a novel passenger car, similar to vehicles in use on the Swiss Italian and French railroads. It is sixty seven feet in length, and is divided into three compartments, with a drawing-room in the centre, sleeping apartments at one end, and a regular day coach compartment at the other. The cost will be about $20,000.

What Buffalo Officials Think of the Lockport Water Works.

The Buffalo Commercial Advertiser of Saturday evening, gives the following report of the visit of the Buffalo officials to this city, for the purpose of examining the Water Works:

On Thursday morning the Board of Water Commissioners of this city, accompanied by Ald. Buchheit, Geo. R. Yaw, Esq., and Superintendents Ketchum and Doyl, paid a visit to Lockport for the purpose of examining the system of supplying water by the Holly Manufacturing Company. The gentlemen above named were favorably impressed with what they saw, and express the opinion that the facilities for supplying water for domestic, manufacturing and other purposes, in this city, might be greatly improved and increased by the introduction of the system.

The Holly Company propose to put into practical operation all the machinery necessary to force water, so that, in case of necessity, streams could be produced from twenty-five different hydrants, and thrown to the height of one hundred and forty feet, without diminishing the general supply. It is stated that the machinery is so constructed that the supply of water can be increased with the demand, and that those located on high ground will have just as strong a head as those below. The company agree to give sufficient bonds for the production of these results, in case a contract should be made, conditional that in case of failure in any particular, they shall receive no pay.

We understand that the following questions and facts are under consideration by the Water Commissioners:

1—Cannot a sufficient water power be had on Niagara River to drive the pump, or can it be done successfully by steam?

2—In case the machinery should give out at any time, could not the present reservoir be kept as a reserve and used the same as now until the machinery should be repaired?

3—Even if the thing should prove impracticable, would it be any damage to the city to try it, as they could go on and make the proposed improvements afterward?

4—Every one who went to examine the Lockport Works yesterday started with the opinion that the plan was not feasible, but returned last evening entirely confident that it was worth the weightiest considerations.

5—These Water Works are in successful operation in several cities and are no experiment.

6—The Company agree to put these Works in successful operation for less than the land for the new reservoir would cost.

—The Niagara County Fruit Growers, will meet on Saturday next, 29th inst., at 2 o'clock P. M., at the Common Council Rooms, in the city of Lockport. A general attendance is desired.

J. CRAINE, Sec'y.

LOCAL NOTICES.

FOR SALE.—In about two weeks—more or less—all of the material of the old Journal building, now occupied, will be offered for sale. The old flooring and joists of three stories, rafters, supporting timbers, frame, doors and door casings, windows and window casings, &c., &c. Any gentleman having a vacant lot and leisure, may use this material, with a comparatively small expenditure, in the erection of a comfortable and commodious dwelling for tenants, of the size of the building to be removed.

A CURIOUS MAN INDEED.—Dr. Sage has discovered a perfect specific for Catarrh "Cold in the Head," Dizziness, Tainted Breath, and Catarrhal Headache. "Dr Sage & Co. offer $500 for a case of Catarrh that they cannot cure. Dr. Sage's Catarrh Remedy is the cheapest and best remedy for this loathsome disease ever offered to the public. Use no other. [See advertisement in another column]

If your druggist has not got this Remedy, send 50 cents to Dr. Sage & Co., Buffalo, N. Y., and it will reach you by return mail. aug21-dc&w

THE ORDER OF THE DAY.—A general order for Sozodont. *In the teeth of all opposition* it has become the supreme dentifrice of the age

A wag sent General Grant a bottle of "SPALDING'S GLUE" a few days since. Query: Was it to mend his meerschaum or to cement friendship between himself and Rather. au21-dcodtw

Ladies should not purchase Boots or Shoes for themselves or Children before they have examined the stock of WALSH BRO'S

Come gentle Muse! my heart inspire
With some of thy poetic fire,
That none these lines abase;
That critics may approve the lays,
In which I warmly sing the praise
Of WALSH' Boots and Shoes.
When 'er I see a little foot,
Come tripping in a Gaiter Boot
I've never seen before;
I know by glancing at its shape,
(Which many try in vain to ape,)
T' was bought at WALSH'S, Stone.
And where's the man who can declare,
That any boots he's purchased there
Have not been worth their price!
Call and examine WALSH'S Stock,
The finest Store within the block
And you'll need no advice
To buy at once for you will find
Taste, Strength and Neatness all combined
In WALSH'S Boots and Shoes!
And now—if people do not lie
To this unrivalled Store to buy,
The fault is thine! Oh Muse! Je17-dtf

A New Hand to the Bellows.—Paul, the Barber, No. 51 Main street (over Ferguson's Store), is happy to inform his friends, and the public generally, that he has secured the services of a first class Barber and Hair Dresser, thus enabling him to "CHANGE THE COUNTENANCES" of his customers in "double-quick" time, and send them on their way rejoicing. au4-dtf

Downward Ho!—COLE has taken an Irish hoist, and has elevated himself to the floor below his former place of business; and is now prepared to serve his old customers, and as many new ones as may find it in their way to give him a call.

N. B.—Remember that mittens went down with him, and can be had at manufacturers' prices.

HAMILTON'S NEW AND EASY SYSTEM OF

HORSE TRAINING.

A good opportunity is now offered to the citizens of Niagara County, to obtain the knowledge of this wonderful manner of subduing and educating that noble and much abused animal, the Horse.

MR. E. R. GRAVES,

Former pupil *and partner* of R. P. Hamilton, who has been engaged in Teaching this System in the central and eastern part of the State during the last winter and spring, has now erected a large amphitheatre on the corner of Cottage and Walnut streets (in rear of Belden's Livery stable), where he is prepared to break and educate any Horses that may be brought to him. Colts that were never harnessed will be broken to ride, and drive single or double, in a very short time. Also, run-aways, kickers, balkers, strikers, halter pullers, hard to catch in pasture, bad to shoe, &c. This system is a sure cure for all the above habits, as hundreds of Prof. Hamilton's scholars in this City will testify.

TICKETS $3.00, and good for five years. Prof. Hamilton's scholars one-half price.

☞ School every afternoon and evening, except Wednesday and Friday nights.

☞ Bring on all your bad and ugly horses and have them broken. E. R. GRAVES.

The Body Renewed.

According to Physiologists, the human body is renewed once in seven years. Every day, every hour, every moment, the flesh, the cartilage, bone and muscle of the frame are wasting away, and being imperceptibly replaced by new material. Health depends upon the nature of that material, and whether it shall be pure or diseased, full of vitality and elasticity, or feeble and flaccid, depends mainly upon the action of the stomach. In warm weather the waste of the system is very rapid, and if it is not as rapidly replaced by the great sustaining organ, the consequence is debility, emaciation and decay. It is, therefore, of paramount importance that the stomach be kept in a vigorous condition at this trying season, and the safest, surest and best tonic that can be employed for that purpose is HOSTETTER'S BITTERS. This incomparable vegetable stomachic gives unwonted energy to the digestive powers, promotes the conversion of the food into healthful blood (which is, so to speak, the raw material of all the solid portions of the body), and thereby puts the system in the best possible state of defence against epidemic and other diseases. The strong require it to keep up their strength; the weak to invigorate them. It consists of the purest of all diffusive stimulants, charged with the juices and extracts of the most genial roots and herbs, and is a permanent restorative—not a mere temporary excitant. It is simultaneously upon the stomach, the bowels and the liver, and is the best known remedy for dyspepsia, biliousness, costiveness and general debility.

ADDRESS TO THE NERVOUS AND DEBILITATED, whose sufferings have been protracted from hidden causes, and who cases require prompt treatment to render existence desirable. If you are suffering, or have suffered from involuntary discharges, what effect does it produce upon your moral health? Do you feel weak, debilitated, easily fired? Does a little extra exertion produce palpitation of the heart? Does your liver or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky, or ropy, or is it foggy on settling? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling upon this subject? Do you feel dull, listless, morose, tired of company, of life? Do you wish to be left alone, to get away from every body? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you possess your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of vacillation? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver complaint?

Now, in this self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The excesses of procreation, when in perfect health, make the image. Did you ever think that those bold, defiant, energetic, persevering, successful business men are those whose generative organs are in perfect health? Answer, others such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they do not become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—not your downcast looks or any other meanness about them. I do not mean those who keep the organs inflated by running to excess. These will not only ruin their constitutions, but also those they do business with or for.

How many men, from badly cured diseases, from the effects of self abuse and excesses, have brought about that state of weakness in those organs that has reduced the central system so much as to induce almost every other disease—idiocy, lunacy, paralysis, spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected, and have doctored for all but the right one.

Diseases of these organs require the use of a Diuretic. HELMBOLD'S FLUID EXTRACT BUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Dropsy, Gravel, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.

Helmbold's Extract Buchu, established upward of 18 years, prepared by H. T. HELMBOLD, Druggist, 591 Broadway, New York, and 104 South 10th street, Philadelphia, Pa. Price $1.25 per bottle, or 6 bottles for $6 50, delivered to any address. Sold by all Druggists everywhere

NONE ARE GENUINE unless done up in steel-engraved wrapper, with fac simile of my Chemical Warehouse, and signed
