No Help from Italy

London, Aug. 9. The Regatta of royal yacht equadron took place yesterday off Ryde. The cup was won by the schooner Egeria.

Frankfort, Aug. 9. United States bonds closed firm, 87@} London, Aug. 10. In the House of Commons last evening, Otway said the government declined to negotiate any further with the United States

on the subject of extradition of swindlers. Terro Haute, Ind., Aug. 10. President Grant and party passed through by special train.

Baso Ball Now York, Aug. 10. In the match game of base ball at the Capitoline grounds yesterday, the Mutuals of New York defeated the Atlantics of Brooklyn by a score of 9 to 7.

There were thirty-four cases of relepsing fever last week, and also five cases of small Morality in New York. The records of mortali'y in this city dur-

ing the past six weeks as compared with that of the corresponding six weeks in 1869, to be resumed show that the number of deaths this summer have exceeded those of the same period last year, by 1,215, being an average increase of 100 deaths per week. The total number of deaths from July 3rd, to August 7th, 1869, were 3,826, and during the same week this year 5,041. The unusual heat has caused

the terrible increase of mortality. kiemishing Between Cubaus and Span The World's Havana correspondent writes of continued skirmishing in the eastern department between the Cubans and Spaniards in which the latter are usually worsted,-The authorities still continue to execute cap tured Cubans while cholera and yellow fever continues to execute Spanish strangers. The executive committee of the German

Aid society, Gov. Sabomon of Wisconsin, President, decided last night that it would not be expedient to call a mass meeting at present, but urged all to contribute money for the relief of the wounded and of the widows and orphans in Germany.

So far \$64,000 have been collected of which the sum of \$50,000 was immediately placed in the hands of the Prussian consul for transportation to Berlin.

Muttny in the French Army, A London special says: Letters from Metz speak in the most undisguised way of the calamitous and fabulous incapacity of the Emperor. Marshall LeBoeuf and all the military dandies, comprising the military staff of the army have utterly lost the confidence of the army and a change in the command was an absolute necessity to prevent mutiny. All this while there is no official news whatever of the whereabouts of the Prussian army. It is stated that General McMahon wanted some days before the battle to fire forests in his front, through which the Germans came down unexpectedly upon the French, but the Emperor declined to au-

thorize the step. Further War News. A. Favere, editor of the Soir, who just arrived in Paris from Forbach, says that he witnessed the entire destruction of General Frossard's corps and claims to speak for 30, We are in receipt of Goods dally, direct from 000 French soldiers who were cut to pieces cry of the army was that the soldiers were slain unnecessarily. M. Fevere says give us 10:40's, 81; stocks firmer and higer; Erie generals that we can trust. The Soir has 151; Illinois, 103; Great Western, 20. hitherto been a government paper, but it now attacks the Ministers for clinging to the power, and augumenting the garrison of Paris when every soldier is wanted at the frontier. It further says : Every soldier now here is au insult to us. If you are incapable of saving your country, the country must save it battles. The same correspondent says that self. It is rumored in Paris to day that the the French diplomatics are striving to retrive The special correspondent at Berlin writes on Saturday, the 6th instant: The whole

coast is in a state of perfect defence. The iron clad Arminus which left for the North sea in the teeth of the French Squadron, has reached port without being seen by the French, though sho passed them while at The yacht Grille, the swiftest ship of the Prussian navy was put on the Baltic with orders to keep close to the French and watch their movements. She is in no danger of being caught. The French Corvetti near

it up after half an hour. Bismarck before leaving was asked wheth er if successful, Germany ought not to insist on Napoleon's abduction. He replied: No-Germany can only fight for German objects, not for French.

From what I hear of the feeling among the people and army, I think it more than possible, that Napoleon will never re-enter

New York, Aug. 10. says that the news which was received here prisonment each. Greeser and Griffin five last night, that a vote of want of confidence years confinement in the fortress. in the ministery, had been adopted by the Corps Legislatif, and the sitting suspended had just been received in that city. The statement that Courin Montatfarr had been called upon to form a new ministry, is undoubtedly correct.

A correspondent in Paris writes Monday night: The proclamation of Marshal Baraguey de Hilliers against forming groups in the streets is nearly a dead letter. There are always, day and night, large assemblies about the office of the Minister of Interior waiting for news, and about all the Kiosks whore newspapers are sold, reading news, talking loud and commenting. The reason why cases were that up on the boulevards directing the evacuation of the Roman States was that crowds of people clamorous for arms had been charged upon by soldiers and turbrably: sergeants de ville and a good many were arrested.

Mounteur says : Imhortant answers are immediately expected, but no remi-official statement is trusworthy. There is no reason with pleasure. to believe that Napoleon's appeals will be of doing almost anything for the sake of peace brief colloquy took place: but the English opinion will never tolerate diplomatic intervention at such a moment. Extreme impatience is already manifested at the unsatisfactory character of the new ar- again. rangement for the Belgian neutrality, under which England might suddenly be called on to fight against Prussia, with whom she sympathises, and for the emperor, who has forfeited utterly the foolish confidence for-

The favorable impression made by Gladstone's statement has already disappeared this city last evening enroute for St. Louis A new treaty is now regarded as a device to get rid of all the liability for Belgium at the end of twelve months afterwa.d, and it is asked: Suppose France or Prussia had refused assent, what was the English government prepared to do? The reply being so far as known, nothing, till coerced by public indigination. It is this dread of being forced to do something which has led the Government to hurry the adjournment of parliament and suspending rules to get appropriation bills through. It shirks from questious and what the public fears is that during the re-

merly given him.

cass the deferential diplomacy with France is A debate broke out again to-day, alarming the cabinet, and could only be stifled by a promise of a last opportunity for discussion to morrow with the government. The Figure has received the news that 20 divisions of French infantry and eight of cavalry, altogether 220,000 men, have not
