BATAVIA: SATURDAY, May 7, 1864.

REVENUE, YOUR DUES.

There are many of our subscribers who have not yet paid us the subscription price of the paper for the past year...

Dean Richmond, the New President of the N. Y. Central Railroad.

It could not fail to be gratifying to Mr. Richmond, as it certainly is to his neighbors and townsmen of Batavia, to notice the very general expressions of satisfaction which have attended his election as President of the N. Y. Central Railroad Co.

GEORGE W. HASKINS & CO., LE ROY.

In another column we present the announcement of New Spring Goods by the new firm of G. W. HASKINS & CO., of Le Roy. Their stock is entirely new, and embraces rich styles of Dress Goods, Cloths, Cassimeres, Linen Goods, Hosiery, Shawls, Cloaks, Prints, and everything that legitimately belongs to a first class Dry Goods House.

Mr. HASKINS is an industrious and prompt business man, and schooled as he has been to the Dry Goods business, under the experienced eye of Mr. CHARLES MORGAN, we cannot predict anything but a successful business career for the new firm. He has hosts of friends whom we know will not fail to patronize the new establishment.

The new firm are taking a right and determined course to establish a permanent business, by advertising liberally in the newspapers, and we think the following timely extract which we glean from an exchange very applicable in the present case. Others, too, might profit by its sound teachings. Let every business man read it!

THE SECRET OF SUCCESS IN BUSINESS.—When you find a man doing more business than you are, look at the advertisements he has in the newspapers. The business man who puts his sign in the newspaper does a much wiser thing than when he fastens it over his store, and who would think of neglecting that? The man who advertises informs the public that he wants trade, and his card in the newspaper is an invitation to customers to come and buy. Where one person reads a sign in the street, five hundred read it in the newspaper. No matter how well a business man knows he can always pick up new customers if he will take the pains to advertise; by neglecting the means of securing trade, he loses the best of his profits.

A sale of fifteen splendid fat sheep was recently made in Attica, by Mr. J. J. COOKER to Mr. F. A. HARRIS, of Buffalo. They were beautiful animals and weighed on an average 150 lbs., which being sold at 10 cts. per lb., netted the snug sum of \$537 20. Such animals are very rare in this section.

A. SMITH & CO., LE ROY.—Owing to the lateness at which the column advertisement of this Dry Goods House was handed in, we can but give the announcement of their new Spring Goods a passing notice. In every department, the ladies will find a carefully selected stock of rich spring goods, among which will be seen many novelties in the Dress Goods line that are eagerly sought after. Several cases of those celebrated Merrimack Prints have just been opened, and meet with great favor from the ladies of Le Roy. The whole stock is second to none in this section, and affords ample scope for the most fastidious customer.

DOCTOR BORT.—We extract the following notice of this celebrated Doctor, from the Lockport Journal of the 22d inst. "Dr. Bort arrived in town last evening and may be found at his old rooms at the Judson House. We understand he will remain until the first of May, where he may be consulted by the afflicted.

DOCTOR BORT has been remarkably successful in the treatment of diseases in this village and county. He has given satisfaction to all his patients so far as we learn. His success has been wonderful, and his reputation is too firmly established to be disturbed by such men as Dr. Light-hill or any men of that stripe. Dr. B's stay will be short, so those who wish to avail themselves of his services should do so at once.

The Doctor will arrive in Batavia on Sunday morning May 22d, and remain until Saturday May 28th. Attica, on Saturday May 28th to May 31st, at Tisdale's Exchange Hotel.

WANTED.—In another column will be found the advertisement of an experienced Cutter wanted.

A TREAT COMING.—In speaking of the vocal and instrumental concert of Prof. KENON, the Le Roy Gazette states that he will be assisted by the Rochester Amateurs, a celebrated Quartette Club, who are greeted with overflowing houses wherever they appear. The programme will consist of a choice selection of solos, trios, quartettes, &c. Prof. KENON will perform a number of brilliant and popular pieces on the piano forte, by Wallace and Richards and other eminent authors; also a grand National Medley, arranged by himself, introducing Fisher's Hornpipe and Yankee Doodle, played at the same time. On Tuesday evening next the citizens of Batavia will have the pleasure of hearing this celebrated Pianist, at Concert Hall, when we doubt not the musical treat will be duly appreciated.

POSTPONEMENT.—The first game of the American Base Ball Club, of Batavia, for 1864, will be played Saturday, May 21st, at 2 o'clock P. M., at East Batavia.

REAL ESTATE.—T. B. LORD of Pavilion sold his farm of 130 acres for \$200, to Rauben R. Pierson, from Connecticut.

THE MILLION!

THE MILLION! A NEW AND GREAT INVENTION IN HOOP-SKIRTS. The Duplex Elliptic, or Double Steel Spring.

J. I. & J. O. WEST, No. 87 CHAMBERS STREET, NEW YORK, Are the Owners of the Patent and EXCLUSIVE MANUFACTURERS OF THIS J. W. BRADLEY'S Duplex Elliptic Steel Spring Skirt.

This invention consists of Duplex (or two) Elliptic Steel Springs, ingeniously braided tightly and firmly together edge to edge, making the toughest, most Elastic Flexible and Durable Spring ever used, enabling the wearer in consequence of its great elasticity and flexibility, to place and fold it when in use as easily and with the same convenience as a Silk or Muslin dress. It entirely obviates and silences the only objections to Hoop Skirts, viz: the annoyance to the wearer as well as the public especially in crowded assemblies, carriages, railroad cars, church pews, or in any crowded place, from the difficulty of contracting them and occupying a small space. This entirely removes the difficulty, while giving the Skirt the usual full and symmetrical form and the most stylish and graceful appearance for the street, or house dress. A lady having enjoyed the pleasure and comfort and great convenience of wearing one of the Duplex Elliptic Spring Skirts, will never afterwards willingly dispense with the use of them. They are also equally desirable and a great improvement over other kinds of Skirts for Misses and Young Ladies who wear short dresses, the great elasticity and flexibility of them prevents when coming in contact with anything bending the Hoop close to these persons, from pushing out on the other side of the Hoop or dress; and then again, they are so much more durable and not likely to bend or break or get out of shape. All are made of the best quality of corded tapes and every part of the Skirt of the very best materials; it is guaranteed in every respect by far the best and most comfortable wearing Skirt ever made.

New Spring Goods. A NEW VERSION OF THE "Fine Old English Gentleman."

I hope you will pay attention, I have something to relate About the "Regulator" who is known all over the State. This Miles H. Bierce of Batavia, of whom I now do sing He is known all over the country as the "Dry Goods King."

It really would astonish you to go down to his store And see the crowds there daily, you can't get near the door. You would think that he was giving all his goods away. While the clerks in the old Foggy Stores, have naught to do but play CIGARETS.

He has just come from the City with Dry Goods rich and rare. The boys and girls spend the cash, which makes the old folks stare. To see them "shell the Greenbacks out, their persons to adorn."

It serves them right while they now get los for their corn! CHORUS. The farmers wives can dress as neat as any in the town. When their butter they do get just 30 cents a pound, This is why it don't seem strange to see their pockets full of corn.

And say who ever saw such times, 80 cents a pound for wool! CHORUS. Their daughters now turn up their noses, look at old Beans with scorn. Young man they say, Pe's got to day ten shillings for his corn. If you were a farmer now, you might wear nice new coats. For we are getting now Young Map a dollar for our oats. CHORUS. Eat one young man the other day, on his dignity he stood, I say young miss just think' of this three dollars for my wood. She simmers down, and slyly said, I know all that dear Charley, Farming would pay you better, get a dollar for your barley. CHORUS. And thus it is we spend the Cash on dresses and on collars. We sold all of our sheep pelts and got for them Four Dollars! So we can call and see friend Bierce at his cheap Dry Goods Store. We never had such lots of Cash as we have now, help. CHORUS.

"REGULATOR." "ORIGINAL JACOB DOWNSEND." P. I. Daniel D., of Genesee, Printer of a Paper, An Advocate of Niggery. Have out a dirty caper. CHORUS. "Boah!"
