to the stake boat of Block Island; and return, was won by the Whitewing sloop, and that Baez was to guarantee the Alta Vela the Eva schooner. On Thursday morning last, Capt. Al. Ward, of the schooner Maria Annette, picked up an abandoned schooner about 15 miles below Preque Isle. She has a full load of cord wood, and Red Rover Painted on her stern. No tidings of

A crew from the Maria Annette, was put on board and sailed her inso this port, where she now lies. St. Louis, Aug. 15. The base ball match yesterday, between the Union Club of Morrisania, New York, and the Union Club of St. Louis, the cham pions of Missouri; was won by the former.

The score was 37 to 30. Facts Concorning the Cattle Disease. Washington, Aug. 15. Texas cattle disease, made by J. R. Dodge, Statistican of the Department of Agriculture, as the result of an extended investigation makes the following points:

First—That the disease is communicated by cattle from Texas, Florida and other por-

tions of the Gulf coast Second—That such disease is itself unknown in Texas or the Gulf coast. Third-That the cattle communicating it are not only apparently healthy, but are generally improving in condition.

Fourth—That while local herds receiving

WE WILL TAKE

WOOL AT THE HIGHEST MARKET PRICE the infection nearly all die, they never communicate the disease to others. Fifth-That there is a considerable in

crease in elevation or a distance of two or three degrees of latitude from the starting point, is necessary to develope the virus into activity and virulency, and a further progress of two degrees of latitude, and a few weeks in time is sufficient to eliminate the poison from the system. Sixth-That Texas cattle removed to other miasmic sections, as the Mississippi

bottom; up to the thirty-sixth parallel, communicate no infection to local herds. Seventh-Medication had thus far been of no avail. It concludes that this disease cannot become general; that it can exist only with the

movements of Texas cattle, which should be regulated or suppressed, and that it does not result from travel but from climatic causes. New York Items.
