CITY AND VICINITY.
 Outside Matter.
FIRST PAGE—General Butler's opening speech on the trial of Impanachout.
FOURTH PAGE—Letter from our foreign correspondent, dated at Paris.

Local Notices.
A RARE OCCURRENCE—Persons desiring to fill up low places on their lots, can do so at an unusually small expense, by inquiring at this office.
Seven hundred yards of excavation will be let by the yard, on liberal terms. Inquire at this office.
Strawberry plants for sale. See advertisement.

A letter addressed to box 412, Lockport, is held for postage in this city.
Remember the lecture to be delivered this evening at Arcade Hall, by Rev. Dr. Manning.
A base ball club, called the Excelsors, was organized in East Lockport last evening.

T. H. Van Horn offers his house and lot for sale, located on Charles street. This is a valuable residence, and was built by Mr. Van Horn for his own use, and is attended with all the conveniences necessary.
The Y. M. C. U., now in session to a lecture by Rev. Dr. Manning, of Boston, this evening.

E. D. Shuler moves his stock of groceries to his new quarters in the block owned by Eliza O'Leary, No. 100 Main street, Lockport.
A Truck Lost—The lady who lost a valuable trunk, described in another column, will be much gratified if the finder will give notice as requested in advertisement.

A stabbing affray occurred at the Falls yesterday during the progress of a "melo," in which we learn some boys from this city were engaged. There was nobody fatally injured.
To-night is the last lecture of the course before the Y. M. C. U. Rev. Dr. Manning lectures upon the subject, "Barnum Adams."

A potato weighing three and one-half pounds has been raised by H. H. O'Connell from the farm of J. H. O'Connell, formerly of this city, but now of San Francisco, California. We have not the dimensions of the potato, but it is a sight to look upon.

The regular monthly meeting of the Niagara County Agricultural Society will be held on Saturday, the 18th inst., at the Common Council Chamber, in this city. The Board will take into consideration the change of location of the grounds of the Society, or improving the site now occupied.

The Davata Republican Advocate comes to us enlarged and improved. Its proprietor and editor, D. W. Wain, Esq., has owned it over thirty years, and made it at all times an able and useful organ, first of the Whig party, and since of the Republican party. We are glad to witness the prosperity evidenced by its enlargement.

A. S. Adair, proprietor of the Machine and Jobbing Shop, No. 11 Westbury, at the rear of the depot, is doing a large amount of work in his line. Mr. Adair is the patron of several valuable improvements in machinery, and as an incubator enjoys an enviable reputation. A stroll through the shop will repay a mind interested in mechanical inventions and devices.

The transit boy, Sylvester Maloney, whose parents reside at Suspension Bridge, has again left his maternal roof, and taken up his quarters in Buffalo. It was found under the Niagara Falls cars yesterday, in a deplorable condition. The boy is subject to fits, appears silly, and is a most laconic little fellow. The authorities hardly know what disposition to make of him.

Messrs. Broadbent & Daxendall will commence the erection of the tower building on Market street, a few rods east of the rear of the depot. These gentlemen are experienced in the business, and intend to give perfect satisfaction to all who may favor them with their patronage. Farmers, wood growers and others will find it to their advantage to give them a call. Read their advertisement.

WHAT IS ONONDAGA COUNTY—The Syracuse Journal says that the winter which in that vicinity has been much injured by the freezing nights and warm days. The dry weather, too, is another cause of the sickly appearance of the wheat in Onondaga county in its other localities.

RAILROAD STRIKE AT CLEVELAND—We notice by the Cleveland papers, that between 600 and 800 railroad men and mechanics are on a strike in that city. The strike is in opposition to the reduction of wages in the shops of the Cleveland & Pittsburgh, Cleveland & Erie, Cleveland, Columbus & Cleveland, and Mahoning, railroads, and McNally, Olin & Co's shop.

The Erie Railroad is advancing so rapidly that the shops of the Western division at Dunkirk have commenced night work. The shop force at present is as follows: 148 mechanics; 67 blacksmiths and ironers; 74 carpenters and car repairers; 20 foundrymen; 9 painters; 5 cooperatives; 4 pattern-makers—total 348 men, whose wages come to about \$20,000 per month. Fifty-six locomotives are in charge of the shop. Forty new locomotives are to be built for the road, and quite a number of them at these shops. The laying of steel rails is also decided upon, at an early day, and also the laying of a double track the entire length of the road.

QUIRING OF THE CANALS—We have announced that the Canal Commissioners have resolved to open the Eastern division of the Erie Canal on the 20th inst. The middle and western divisions are to be opened on the first of May. The Black River and Champlain Canals are also to be opened May 1st. The weather opening of the eastern division will enable the great crowd of boats, frozen up in that section, to fall to get through to the water before there is a crowd of boats from the West. The accumulation of produce at Buffalo will be very great before the first of next month, if the navigation is fully opened at an early day in some season probable.

WESTON TO WALK ONE HUNDRED MILES IN TWENTY-FOUR HOURS—Weston, the great postmaster, who created so much trouble last fall, is again on the tramp. At five o'clock this afternoon he will start from his home of Erie, and walk to Buffalo, a distance of one hundred miles in twenty-four hours. A number of heavy wagers have been laid on the result, but Weston professes the utmost confidence in his ability to perform the feat. On the walk the first stop will be made at North East, the second at Silver Creek, the third at the head of the triplicate, and the last at the Post Office in Buffalo. At Silver Creek he will be met by a large delegation of those interested in this trial of endurance and pluck. The lively stables are in great demand, carriages being engaged to meet the traveller on the road, and much excitement prevails in Buffalo and all along the route.

The lecture of Dr. Manning this evening concludes the present course. The Directors of the Young Men's Christian Union desire to return their appreciative thanks for the efforts put forth by the public to assist in maintaining a meritorious and instructive character of lectures, and regret that certain unavoidable disappointments have prevented the completion of the course as at first announced. They tender their best efforts for the future, and hope for a still larger measure of public support.

Particular attention is directed to the lecture of Rev. J. M. Manning, D. D., this evening, at 8 o'clock, at Adams.

Grant Club in the Second Ward.
 A meeting of the Republican electors of the Second Ward, will be held at Temperance Hall, East Lockport, on Monday evening next, for the purpose of organizing a Grant Club, to act as an auxiliary to the existing one of Edward Adams. The reputation of the electors, largely bestowing upon both lecture and lecturer, leads us to hope for a superior effort.
