Boston, June 16. President Grant left the hotel this morning under escort of the Legislative Committee and a corps of cavalry, arriving at the State House about 11 o'clock. On reaching the State House the President was formally introduced to and welcomed by Governor Classin in behalf of the people of the Commonwealth.

President Grant, in response to Governor Classia's speech of welcome, said: "It affords me great pleasure to visit the capital of the State which has done so much for my support and for the support of the Union in the time of the great rebellion-a State whose principles did so much to give me whatever political position I have attained. and the State where I have received such welcome in other days. The members of the Governor's council, of the Supreme Bench, Lieut.-Governor,

and others, were then introduced to the President. After this ceremony the President was escorted to the Senate Chamber, where he was si welcomed by President Pittman. The members of the Senate were then personally introduced to the President, besides numerous ladies.
