

Gen. Geo. W. Palmer speaks at Sherman Tuesday Evening, October 3rd.

It will probably relieve the anxiety of the local democratic journals, to know that their fears about the funds of Republican Co. Committee, have as little foundation in fact as the democratic doctrine has in justice.

Attention is directed to the new advertisement of J. H. Minton. He has a large stock of Fall Goods.

See Advertisement of E. F. Persons. He has just received his stock of Fall Goods.

Hon. Horace Greeley speaks at Jamestown tomorrow.

The County Court is in session at Mayville this week.

New plank is being put down on the bridge on the Chautauque Creek.

The work on the Episcopal Meeting House is progressing. The improvement will add much to the appearance of the building.

The Board of Registry met yesterday. They meet again on Friday before election, to correct the list, and add such names as have been omitted. Voters who desire their names to be added to the list at the second meeting of the Board, will have to appear personally and make the necessary proof that they will be entitled to vote in the district at the ensuing election.

We give on the first page a portion of the proceedings of the Board of Supervisors, and shall give the balance next week. The Board adjourned to meet again on the 12th of November next.

The table of the valuation of personal and real property in the County, gives the valuation of real property in Westfield, at \$1,060,000; and the personal at \$540,388. The real property of Westfield is valued higher than that of any other town in the County. The personal property of Elliptic is set down at \$708,810. Westfield stands next on the list.

METEOLOGY.—Mr. Constock furnishes us the following Meteorology of Westfield village for the month of September:

Table with columns for Mean Fahrenheit for the month, Winds (Northeast, South, Southwest, Clear, Cloudy), Rain, and other weather data.

The warmest day, Sunday, 23, 82°. The coldest day, Sunday, 24, 41°.

NOTE.—From the 1st to the 26th inclusive, there were 21 days rainy, 3 days cloudy, and but 2 days clear.

Among the passengers supposed to be lost by the foundering of the Evening Star, was Willie P. Dixon, a grandson of Hon. Abram Dixon, of Westfield. He was known to have taken passage on the steamer; and his name is not reported in the list of those saved. He had just recently graduated at West Point, and received the rank of Lieutenant in the regular army; and was detailed to take charge of some military post in Texas; and had taken passage on the ill-fated steamer for the scene of his labors.

We learn that he had pursued his studies with zeal, and stood well in his class; and was ambitious of distinction in his profession. He was a favorite with his associates, respected by his acquaintances, and doted upon by his friends; and only a few weeks since left Westfield, full of the animation of youth, and the earnestness inspired by the love of the calling he had chosen; and with the prospects of a long and honorable life before him.

Hon. Mr. Pitts, of Orleans County, spoke at Hinckley Hall, on Friday evening last, to a Union Republican meeting. The Hall was well filled. Gov. Patterson was called to the Chair, and in calling the meeting to order, made a few well timed and forcible remarks, on the political questions of the day.

Mr. Pitts is an able speaker, and thoroughly posted in all that relates to the questions at issue; and his speech made a very favorable impression.

Mr. Hovey, of Cleveland, Ohio, who was present, was called upon, and responded briefly.

The general enthusiasm, and wide-awake manner of the people is an encouraging feature. Gen. Van Wyck, and Mr. Pitts also spoke to a large crowd at Fredonia on Saturday.

Mr. Rice—I send you the scoring of three match games of Base Ball, between the Summit and Volusia Clubs this year.

Score—Summit, 50 runs. Volusia, 38 runs.

The third and last game was played at Sherman, last Saturday. After a closely contested game of nearly three hours, the Summit Club were declared victors.

Consumption Curable by Dr. Sechenok's Medicines.

TO CURE CONSUMPTION, the system must be prepared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleansed and an appetite created for good wholesome food which, by these medicines will be digested properly, and good healthy blood made; thus building up the constitution. SCHEENOK'S MANDBRAKE PILLS cleanse the stomach of all bilious or morose accumulations; and, by using the Sea Weed Tonic in connection, the appetite is restored. SCHEENOK'S PULMONIC SYRUP is nutritious as well as medicinal, and, by using the three remedies, all impurities are expelled from the system, and good, wholesome blood made, which will repel all disease. If patients will take these medicines according to directions, Consumption very frequently in its last stage yields readily to their action. Take the pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not costive they are necessary, for sometimes in diarrhea they are necessary. The stomach must be kept healthy, and an appetite created to allow the Pulmonic Syrup to act on the respiratory organs properly and allay any irritation. Then all that is required to perform a permanent cure is, to prevent sickening cold. Exercise about the rooms as much as possible, eat all the richest food—fat meat, game, and, in fact, anything the appetite craves; but be particular and masticate well.

FATAL ACCIDENT.—On Saturday morning last, Mr. John Norton, son of Elisha Norton, Esq., of this village, took out his gun to shoot a squirrel which was around the barn. Being gone some time, his father went out to call him to breakfast. Not being in sight, he began to look around, and found him dead by a rail fence. An appearance indicated that the son, in getting over the fence, had broken a rail, which let him down suddenly, and the hammer to the lock perhaps catching the rail, caused discharge, and the whole charge entered the side of the head and passing through the brain, coming out on the other side. It was a shocking affair, and cast a deep gloom over the neighborhood. He was 27 years of age and the stay and support of his parents, their only son having died just one year before on that day.—Editor.

PORTLAND ITEMS.

Portland Wine and Portland Grapes took the premiums at the Cleveland Wine and Grape Show, last week. The Lake Shore Wine Co. took the first premium on "Sparkling Catawba" over such competitors as Longworth; also first premiums on Isabella, Concord and Clinton Wines, and the second premium on "best display" of wines. Mr. G. E. Ryckman, of Brocton, took premium on best display of Grapes. Portland is "at the head" in the vineyard business, and is rapidly growing in wealth, in consequence. She has set an example her sister towns along the Lake Shore will do well to follow. Hundred of acres of grapes have been set there this season, and as many more will be planted next spring.

The gathering of the main crop of the vineyards, is just commencing this week. The grapes are evenly ripened, and in excellent condition. The Lake Shore Wine Co. are paying 8 cents per lb. for Isabella's, best quality.

—The Apple Crop is a good one this season in this town. Orchards north of the Main road are some of them not bearing as heavy as usual, but along that road and the one south, and on the hill sides, the yield is good. Buyers are offering \$2.50 per bbl. and some have sold at that. There is a general belief, however, that at least \$3 will have to be paid.

—Potatoes are rotting badly in many localities. A third of the crop will probably be lost.

RECIPE FOR MAKING A JOUSONITE.—Take a half-and-half milk-and-water Union man; put him in a copper Kettle; throw in a postmaster's commission, Johnson's 2nd of February seal, and the one he has made at every place along his late route; pour in a gallon of whiskey; keep the mass boiling until the commission is signed and the whole assumes a copperish hue, then set off to cool. The mess will probably be cold after the Fall elections.

THE JUMPING MATCH AT OLEAN.—The Olean Times says: "The jumping match on Tuesday, between Bob Way and 'The Stranger,' resulted in the defeat of the former. The stake was \$2,000, and some \$5,000 changed hands outside of that. The jumping began at about 2 o'clock, Bob way leading off. 'The Stranger' followed, setting Bob a good pattern. Bob jumped three times, and 'The Stranger' again entered the ring and overjumped his opponent two or three inches. Bob again followed and jumped twice. 'The Stranger' again leaped away for the last time—jumping to 27 1/2 inches. Bob followed, and tried to jump three times to reach the mark, but failed by 2 1/2 inches, and the struggle was declared the victor, and entitled to the money wagered. Some of Bob's backers are indignant enough to suspect him of 'throwing' the game."

THE ILLUSTRATED ANNUAL OF PHRENOLOGY AND PHYSIOLOGY FOR 1867.—Just Published, Contains—How to study Phrenology; Names of the Faculties; Hindoo Heads and Characters; Fat Folks and Lean Folks; Immortality—Scientific Proofs; Thomas Carlyle; The Author; Racial Peculiarities; Civilization and Beauty; The Hottentot; A Bad Head; Forgetting Societies; Matrimonial Misdeeds; Handwriting; How to Conduct Public Meetings; Eliza Cook; the Poetess; Rev.
