Notice to Union[Voters.]

Notice is hereby given to all Union Republican voters, that teams will be in readiness to carry them free to the polls on the day of election, forenoon or afternoon as shall best suit the voters' convenience. Special arrangements will also be made for railroad men or others who

may desire to go on the arrival of trains or otherwise, on application being made to W. H. Johnson, Chairman of town committee. Let every Union voter remember this and act accordingly.

Come Home!

Every Union voter now absent from the State ought to feel it to be his patriotic duty to come home to vote. It is true that the opposition are not sufficiently large to make this demand as great as in other states, and if, therefore, every Union man does his whole duty without this incentive, he will be entitled to even more credit, and Vermont to more glory

than if we were a close State.

Stay at Home.

Hundreds of business men in Vermont leave the State at this season for the city or the West on business. This year let every Union voter among them east his vote, and every Union voter in
