State Sabbath School Convention.

MR. EDITOR:-Contrary to my expectations I am in Albany instead of Boston to. day. As nearly all eyes and thoughts are turned toward the "Hub," the annual meeting of the State Sunday School Association, does not attract the attention it deserves. There is quite a goodly number of people from nearly every part of the State, in Tweddle Hall, at 10 o'clock this morning. The hall is beautifully decorated with flags, banners, mottos, and streamers. Over the platform in large letters, are these words:

Albany, June 15, 1869.

"Welcomo Sanday School Workers," The Committee on entertainment are busy and Pages are running in overy direction. Mr. Huntington, of Rochester, calls the meeting to order, and Mr. Phillip Phillips lends the singing, and an Albany Olergyman nakes the opening prayer. > Mr. Princo in his opening remarks said that the convention had done a very foolish thing, and gone contrary to Scriptures "in putting their trust in Princes." I doubt if he makes as good a 'presiding officer as did the Hon. T. T. Fingler, at the convention held in Lockport. I was pleased to hear a delegate speak of that convention as being a delightful season.

At 12 o'clock the Convention adjourned to meet again at half past two in the same Hall. I did not geen any delegates from Lockport, but hope some of our earnest Sab bath School workers will be on band. Every Sabbath School ought to be repre-

sonted, and if necessary the delegates expenses ought to be paid by the church. I shall atlend the afternoon session, then be off for Boston, from which place you will hear from me agoin. Yours, Cosmopoliti.

AN INTRHESTING LETTER is published in the AN INTERESTING LETTER is published in the Megico-Chirurgical Review, on the subject of the Extract of Sarsaparllia in certain affections, by Ben. Jamin Travers, F. R. S., &c. Speaking of those diseases, and diseases arising from the excess of mercury, he states that no remedy is equal to the Extract of Sarsaparilla; its power is extraordinary, more so than any other drug I am acquainted with. It is, in the strictest sense, a tonic with this invaluable attribute, that it is applicable to a state of the system so sunken, and yet so irritable as renders other substances of the tanic class unavailable or injurious.

CONCENTRATED EXT. SARSAPARILLA istablished upwards of 18 years. Prepared by II. T. HELMBOLD,

General Debility is Naturo's Appeal for Holp. Thousands of persons, without any specific all nent, are the victims of languor and lassitude The unthinking are apt to confound this species o nertion, with laziness; whereas it usually arises from a want of organic energy, for which the sub jects of it are no more responsible than the near nighted are for their defective vision. Such persons although they may be free from prin, are as truly invalids, and as much in need of medical aid, as i they were tormented with the pargs of acute discase. They require a route and Alterative, that will rouse and regulate their torpid organizations. in cases of this kind, HOSTETTER'S STOMACH BITTERS produce an immediate and most favorable effect. The deblitated and desponding valetudinarian, who feels as if he were but half alive; who thuns company, and has no relish either for business or pleasure, is metamorphosed by a brief course of this most potent vegetable invigorant, into quite n different being. The change effected by the BiT-TERS, in his bodily and mental condition, is a surprise to himself and to his friends. He mopes no onger; the active principle of life, which seemed to to have died out of him, is re-awakened, and he feels

like a new man. Remembering that debility is not only an affliction itself, but an invitation to disease, no time should be lost in recruiting the broken-down system with this choicest and most potent of all TONICS AND NERVINES. HELMBOLD'S EXTRACT SARSAPARILLA Cleanees and renovates the blood, instils the vicor-of health into the system, and purges out the hu-mors that make disease.
