LOCAL AND MISCELLANEOUS Republican Town Caucus.

The Republican electors of the town of Oswegatchie are requested to meet in caucus at Lyceum Hall, in the village of Ogdensburgh, on Monday evening, Sept. 16, at half past seven o'clock, for the purpose of appointing three delegates to the First Assembly District Convention, three delegates to the County Convention, electing a Town Committee and transacting such

other business as may become necessary :--N. H. LYTLE, P. H. DELANEY, B. F. SHERMAN. S. FOOTE, J. DELANEY, C. Dubois, J. Pickens.
REPUBLICAN TOWN COMMITTE.

New Steamer.

The Northern Transportation Co.'s new steamer Oswegatchie sails from this port for Chicago on her second trip around the Lakes this afternoon. The Oswegatchie was built at the Marine Railway in this village during the last Winter and Spring. She was launched early in July and taken to Cleveland where she was furnished with one of the Cayahoga Co.'s propeller engines of seventy-five horse power, and fitted up in elegant style for the accommodation of passengers, and was ready to sail about the middle of August. Her dimensions every way are up to the full capacity of the canal locks, extreme length being 148 feet and tonnage 414 tons, new admeasurement. Her cabins are arranged with an eye to the comfort and accommodation of passengers. She has ten double state rooms, large enough for a family of four persons, plenty of floats, life preservers, boats, pony-pumps and every requisite to guard against accident or escape if overtaken. The vessel in all her appointments is as near perfect as long experience can dictate. She is staunch, makes twelve miles per hour as ordinary running times is extremely steady, and one of the best sea boats afloat. She is commanded by Capt. Rosman one of the oldest and most careful of the many good captains of the line, and must become favorite with those who have the pleasure of making a trip through the lakes on board of her. She takes a place in the Chicago trade, and makes the trip from Ogdensburgh to Chicago in a few hours less than a week. The advent of the Oswegatchie gives the line fifteen first class first-class steamers, fourteen of them upper cabin passenger boats. On her first trip up, the Oswegatchie had upwards of sixty cabin passen gers, and downward forty. We wish her and ner gallant captain a long and prosperous

We understand that it is the intention of the company to build a new steamer, at this place, during the present winter.

• The Fenian Congress. A dispatch from Cleveland, of the 9th, says that if severe application to business has any significance, then the Fenian Congress must be a seriously important affair. Since the opening day, it has been arduously at work, occasionally being in session all night. Saturday was chiefly taken up with the consideration of the report of the committee on the revision of the constitution! It was taken up section by section, amended and discussed, and finally adopted as a whole. The committee on military affairs reported in the forenoon. Their report made an exhibit that pleasantly disappointed Congress, and was loudly applauded. The military arm of the Brother hood was represented as being in splendid trim. Much of the forenoon was consumed in discuss ing the report of the committee on a declaration of the principles. A committee of one from each district was appointed to nominate candidates for fifteen Senators.

To the Republicans of St. Lawrence.

Gouvenneur Sept. 11th, 1867: Editor of the Republican and Journal:

Sin :- Having been solicited by many per sonal and political friends to become a candidate for the office of Sheriff of St. Lawrence county at the ensuing election, I have concluded to yield to their request and through your columns I hereby announce myself as such candidate, subject to the decision of the Republican County Convention, to be held at Canton, on the 3rd day of October, next.

Very Respectfully Yours, W. H. WALLING.

Dick Sand's Troupe.

Dick Sand's Combination opened at Eagle Hall, last night, with a new style of entertainment, kept the house in a roar all the evening, were recalled in every act and wound up with the Shadow Pantomime, which is decidedly the best thing yet introduced on the stage. They play this and to-morrow evenings. Go and see

St. Lawrence Boys take the Prize.

The great game of Base Ball played at Burlington, on the 12th, for a Silver Ball and Champion Bat, between the St. Lawrence Club and the Atlantics of Whitehall, resulted in a victory for the former, by a score of 85 to 55. The St. Lawrence Club have carried off every prize offered at the tournament.

Thursday's Races.

The race this day was for a purse of \$400 to best horse and \$100 to second best, open to all trotting horses, best three in five to harness .-Andrew Jackson, Raid and Ninette were entered. In the sale of pools Jackson was the favorite In the choice of track, Ninette had inside and

Raid outside. First heat ;- A dozen or more ineffectual ef forts were made to get off. Raid behaving badly and sheering for inside of track before coming to the scratch. After half an hour's fillibusterng drivers was changed and Raid and the horses got off on next effort Ninette taking lead and Raid behind. Raid broke up, threw a shoe got into the ditch and was left hopelessly to rear, Ninette maintained the lead till near the half mile station, when Jackson went ahead and kept the lead to score winning by five rods, with Raid distanced. Time 2.36

Second heat :- Jackson and Ninette got off evenly, the horse soon taking a lead which he maintained throughout. The mare repeatedly broke but got quickly to work sustaining no per ceptible loss by the breaks. The heat was made in 2.40, Jackson winning by at least six rods.

Third heat ;-Got off at first trial and went evenly to first quarter when mare broke and horse took the lead. Ninette got to work and closed gap, but went up and lost ground, got down and cleared gap again. At third quarter, Jackson let out a little and took the lead which he held till close, and came to score, winning

ANOTHER PACE

At the close of the trot a match was made be tween Raid and the man Tightbreeches: the horse to trot one half mile, the man to walk a quarter, standing start. The race was performin fine style in 1.18, the man winning by twenty feet. This was decidedly the best thing in the race line we have seen in a long time.

The attendance was large and orderly. A good many stingy souls took outside tickets and stole a view from the tops of the adjoining fen ces, and wagons standing in the highway.

TO DAY'S RACES. Three races will take place to-day, viz: One running race in which Crozier, Don Juan and Johnny Smoker are entered; Mile heats, best three in five: One trotting race for matched teams for which three entries have been made: Mile heats to harness, best three in five : And one for all horses owned in Ogdensburgh for the last thirty days preceeding the 28d of August;

Mile heats to harness, best three in five. For the double team race the following are entered; Mr. Baldwin's Fleetwing and White Stocking, Mr. Wiser's Prescott team, and Mr. Dalzell's Waddington team.

on Sunday a man' swam across Niagara river, starting from the ferry on this side and landing on the Canada side nearly opposite the towers of the new suspension bridge. It is considered a great and dangerous feat.

Cabinet Making.

The Washington politicians, who have control of Andrew Johnson and are 'urging him on to destruction, are determined to have a new Cabinet. Rumor assigns several gentlemen to each Department. For Secretary of State, Reverdy Johnson, Charles Francis Adams and Jerry Black are named; for Secretary of War, Gen. Steedman, Gen. McClellan, Judge Hughes, Senator Cowan and Tom Florence are mentioned for Postmaster-General, old Blair, young Blair, Lamon and John Coyle; for Secretary of the Navy, Hanscom, of Boston; for Secretary of Treasury, John J. Cisco, Robt. J. Walker and W. H. Groesbeck.

Prussia.

The second Parliament of the North German Confederation met at Berlin, on the 10th, and was opened by King William in person. In the speech from the throne, the King gave a warm welcome to the members of the first German Parliament, which had met under the new Constitution. The relations with the rest of Germany had been fixed by treaty. The financial condition of the Confederacy was excellent; its revenues were sufficient for all pur-

Bills would be introduced providing for complete and equal settlement of the terms and conditions of military service; making all necessary regulations in regard to passports; prescribing a system of weights and measures for the country; regulating postal matters with foreign nations, and looking to the establishment of Consulates in all foreign ports, and to the protection of the commercial marine of the Confederation everywhere on the high seas.

The King concluded his speech with the following peaceful aspiration:

"Gentlemen: Progress is to be the grea principle underlying all your discussions. Your work will be a work of peace; and, by God's' blessing, the Fatherland will in peace enjoy the fruits of your labor."
