

LOCAL MATTERS.

The water from Minard's pond was shut off Sunday last, on account of unfavorable appearance of the weather in the morning. It is now designed to so next Sunday morning, and all interested should take notice.

A staunch New Hampshire democrat, doing business on Canal street, says "Seymour's chances look pretty bright," Right, at last.

N. H. Farr & Co. make their fall winter announcement this week. They have a large stock of goods on hand, and those wanting goods in their line will do well to give them a call.

Now is the time for clam suppers. Men & Landon, on Canal street, have both in and out of the shell, fresh nice.

Gage's Mills are on hand and alive the present campaign, and sent a delegation to Walpole Wednesday evening.

The legislature have passed a bill which has now become a law, adapting the check list at our state elections to the presidential elections.

The Grant and Colfax club of Bellows Falls desire us to tender their thanks to the Grant and Colfax club of Walpole for their generous and expected reception and hospitality, especially would they remember Mr. A. Perry, the landlord of the hotel, his nice, hot and refreshing supper.

A patriotic Walpole lady got hold of the news of the coming of the Grant Colfax club from this place a little advance, and when our splendid gunned her premises, had her house illuminated.

An Irishman in Keene, N. H., before a democrat, the other day said "The Irishmen of Connecticut are going for Grant, the Irishmen of New York are going for Grant, and I am going for Grant." He is right.

The Bellows Falls democrats generally "accept the situation" with good grace. They took the hint in September, and the deluge in October therefore not unexpected.

There will probably be another tid on Walpole in a week or ten days, when it is proposed to go down from this place by the hundred. Circumstances hereafter.

They have a Grant and Colfax club Londonderry. A. M. Allbee, President, and Mark W. Farnsworth, Secretary. Londonderry gave a good account herself in September, and will again November.

Advertiser's Letters.—Willie P. Ashcroft, Charles G. Avery, Miss Jane Egan, Everill Doolittle, Chas. French, Mrs. Mary Good, Edmond Howard, Marshall, Joseph Mason, Leonard Pierce, Mary Price, Miss Nellie M. Rice.

Some of the democrats of this village who have smothered their feeling all summer, now that their case has become hopeless, are quite free in their denunciations of the nomination of Seymour, and one or two cases have even expressed their gladness at late election results.

The Walpole democrats must look for some of the Irish just opposite here across the river. We don't know as there is any danger that they will leave the democratic party, but some of them are recently curing the nomination of Seymour, and that is a bad (good) omen.

WHAT GUN.—The Grant and Colfax club in this village have procured a splendid field piece with caisson, full mounted. They "practised" with it on Wednesday afternoon and evening, and it fairly made the earth shake for miles around like a South American earthquake. It is found to be altogether too powerful to fire in close proximity of buildings containing glass. The gunners who managed it on Wednesday afternoon, and also in the evening at Walpole, are deserving of special credit for their handsome manner with which they handled it. Its effect on this village was perceptible on its arrival, and when they drew through the streets to the "arsenal," the day before the news, and before it had given a single note. It will continue to stump Vermont and New Hampshire till the campaign is closed.

CHESTER.—Mr. Chas. Walker had his badly crushed last week by having caught in the machinery of his cabinet shop.

Mr. Geo. A. Hall gave a social hop in his new furniture rooms on Friday evening, the 9th inst., which was attended by some sixty persons, and all went merry as a marriage bell.

Richardson's new block at the depot is nearly completed, and is the finest business building in town.

Mr. Bemis, for a long time a merchant at Union village in Plymouth, has become a partner with Hilton and Miller, and the new firm and new store are doing a flourishing business.

BRIDGEWATER.—The Woodstock Age still insists that the democratic majority in Bridgewater in the September election was over 40. Very well, why not call it 100. The vote for governor was, republican 144, democratic 157, which, according to the old fashion science of numbers

would leave about 13 majority, but with the new democratic arithmetic, we have no doubt it could be increased to more than 100. Suppose this system be now tried in Ohio? At present, Bridgewater is the only state likely to go for Seymour.

Convention.

The eastern Vermont Musical Association will hold its sixth annual convention at Saxtons River, commencing October 27th, and continue five days, under the direction of Mr. J. J. Kimball of Boston, bass, at "King's Chapel." Soloists, soprano, Mrs. Kimball of Boston, tenor, Mr. Edward Prescott, Park street, church, Boston. Pianist, James Astor Broad, organist and director of music at Park street church, Boston. Piano kindly furnished by the celebrated manufacturer, C. F. Miller of Boston, for the use of the convention. Books for the use of the convention, "Songs of the Temple," by B. F. Baker and "Offering" (chorus book) by L. H. Southard. There will be given two grand concerts on Thursday and Friday, Oct. 29th and 30th. The Grafton Brass Band are expected to be present. Board will be furnished in private families at 50 cents per day, or at the hotel at reasonable rates. Admission to each concert, 25 cents each. Membership to the convention will be one dollar. Season tickets, including both concerts and all the rehearsals, one dollar.

H. H. HENRY, President. H. C. WILEY, Secretary.

Sugar Evaporators.

The improvements in the manufacture of maple sugar have kept pace with progress in other things. Most farmers of the present day well understand the primitive method of its manufacture, and readily appreciate the advance made in the last fifteen years. When sap pans and arches were first introduced it was considered a very great step in advance of the old method of burning many cords of wood made from green beech trees nearest the "boiling place," and so it was, but a still further improvement has just been introduced which is likely to almost revolutionize the amount and quality of sugar now made in this State. We refer to Cory's Sugar Evaporators, now being manufactured in this place by the Hartford Sorghum Machine Co.—These Evaporators were first invented about eight years ago for use in the manufacture of sugar from cane and sorghum, but with later improvements experiment has proved them equally good for the manufacture of maple sugar, and a few of them we believe, were first introduced in this State two years ago. A larger number was introduced last spring, and the result is now a very great demand for them in every section of the State where their merits have become known. All sugar makers well understand that sugar made the quickest and cleanest after the sap is obtained from the tree is the best, and while cleanliness may be observed to the same extent in other methods, we are sure no other is equal to it in point of time. The pan or evaporator is from six to fifteen feet in length according to the size desired, and divided into two compartments by a gate, which may be raised and thus make it one pan after evaporating is under proper headway. The whole pan is divided into ledges, so called, or crimps, which are simply narrow concaves on the under side, next to the fire, and convex on the upper or inside. These convexes form partitions the whole length of the pan, with outlets at each end, so that the sap as it boils flows in a zigzag course from one end of the pan to the other. The ledge or concave underneath is what gives such increased amount of heat to the sap and consequent rapid evaporation. There is also an ingenious contrived Regulator which goes with each Evaporator. This furnishes the sap to the pan and is so arranged that it will regulate itself and thus save constant care and watching, while the operator is absent gathering sap or for meals. This is all the description we propose to give of it. Farmers who may be interested should come and see for themselves, or if living too far off, send to the company for a descriptive circular with engravings, which they will promptly furnish free of expense.

The advantage of these Evaporators are quality of sugar and rapidity with which they consume sap, and as the quick plan makes the quality, the whole is combined in the word speed. Besides this there is a great saving in fuel and labor. By this method the raw sap actually runs into one end of the pan and comes out complete sugar at the other or syrup if preferred. A farmer could probably make three thousand pounds with one of these Evaporators, as easily as one thousand in the old way. Lorenzo Sullaway of Wheelock, says he made 3000 lbs. with one last season, and that he can make 100 lbs. in five hours. A. B. Gowing of Springfield, says he can make sugar twice as fast with an Evaporator as by the old way. But the most significant test and instance is that of James M. Ford an extensive sugar maker in Rowe, Mass., who made some 5000 lbs. last spring. He had a double arch and put on an ordinary sap pan and one of these Evaporators side by side. The result was he always made twice as much sugar from the Evaporator as from the pan, and sold the sugar made in the former for several cents more per lb. than he could get for that made in the pan. It is also his opinion that three

barrels of sap can be boiled away in an Evaporator to one in the pan. W. R. Mann of Dover, in this county, used an Evaporator last spring and in twenty-four hours boiled down over fifty barrels of sap which made 400 lbs. sugar.

We have thus aimed to give a few facts in the interest and for the information of sugar makers in Vermont, and not for any reward or pecuniary interest of the manufacturers. Farmers in all this section of the State can easily satisfy themselves of the merits of the Evaporator, independent of anything we have said, by inquiries of those who have used them. They have been used in Brattleboro, Westminster, Whitehall, Springfield, Weathersfield and other towns, and hundreds of them will be in use next spring in various parts of the State, to which places they have recently been shipped in large numbers.

Latest Election News.

The election news of this Thursday morning confirms the general result announced Wednesday. In Indiana, the republican majority is not so large as first reports, while in Pennsylvania, the main field of the October battle, the majority is larger. The republicans are even claiming Philadelphia after the frauds have been wiped out before the courts.

Walpole.

AN IMPROMPTU JOLLIFICATION. After the republicans of this village had fired a salute over the elections Wednesday afternoon, they decided to make an excursion with their field piece to Walpole in the evening and fire a salute there. It was late in the day, but in an hour's time and at about 7 o'clock, over forty of the Grant and Colfax Club of this village were on their way, having previously sent a dispatch by telegraph to the President of the Grant and Colfax Club at Walpole, of the intended "raid." On their way down the gun was fired one mile, thus thoroughly waking up the people over a large territory in both Vermont and New Hampshire. Very few of the good people of Walpole were aware of the presence of the raiders till the gun spoke in thunder tones right in their midst. It did not take them long, however, to "comprehend the situation," and they soon rallied and as the Bellows Falls boys fired their salute, they handsomely responded by the ringing of the bells and a bonfire in the Square. The gun continued to boom forth for miles around for more than an hour, when the Grant Club of Walpole made a sudden dash upon the Grant Club from this place, gobbling up and making prisoners of every man of them in the dining-room of H. A. Perry's hotel. We need not say that they "surrendered at discretion," and discussed the "news of the day," and the fine supper of splendid steak and other things to match which was not only the special admiration of the crowd but also the wonder that it could have been got up on so short a notice. This happy surprise was the leading feature of the evening, aside from the main glory of the day, and of course added greatly to the pleasure of the evening. Cheers were given for the various states that had voted the day before, for the next President and Vice President of the United States, &c., &c. At the close the Bellows Falls boys attempted to flank the Walpole Club by giving them three cheers for their generous hospitality, whereupon the Walpole immediately responded by giving three cheers for the 27,000 republican majority in Vermont, Col. A. H. Bellows briefly remarking upon the brilliant manner in which Vermont had opened the fall campaign. At about 11 o'clock the Bellows Falls Club started for home and announced their arrival by firing a couple of guns, and thus ended at about midnight the joyful and impromptu demonstration of the day.

GRAPES.—We have received from Prof. S. F. Merrill a basket of fine luscious grapes, accompanied with the "compliments of the author," which are fully appreciated both as to quality and quantity. Among the varieties are our favorite "Concord," the fair "Rebecca," the delicate "Delaware" and the "Diana." Grape raising in Vermont is attended with difficulties, much labor and care, the early varieties being the only safe ones. We have feared that our early frosts would materially injure the crop of Concord in this locality, but neighbor Merrill's are unusually fine this season, and the crop larger than for several years. He is rapidly selling off large quantities and those who buy of him will have to speak soon.

Attention, 10th Vermont!

The Annual reunion of the "Old Tenth" will be held at L. Love's Hotel, Waterbury, on Wednesday, the 21st day of October next, at 4 o'clock, P. M. A full attendance is earnestly requested, as business of importance will come before the Society. Surgeon Childs and Chaplain Haynes will be ready to report on the matter entrusted to them, viz: "The life and services of our fallen comrades." Ex-Gov. Dillingham will deliver an address, after which there will be a Social Dance. All come, and bring the ladies. Major JOHN A. SALISBURY, Capt. A. B. VALENTINE, Genl. W. W. HENRY, Executive Com.

See the Crowd Coming! Bert E. Clarke, Esq., Secretary of the Seymour and Blair Club of Trembleau, Wis., and a young lawyer of much promise, has abandoned Seymour and Blair and come out for Grant and Colfax.

Gen. Thomas Egan, known as one of President Johnson's most intimate friends, has declared for Grant and Colfax.

Gen. Egan speaks of Gen. Grant as "the man who never made a mistake," and of Seymour as the man "who never did anything else."

The La Crosse Republican mentions that Dr. Sperry of De Soto, Wis., Chairman of a Democratic Club, has renounced the Democratic party, and goes for Grant and Colfax.

Dr. R. Z. Mason, two years ago prominently mentioned in connection with the Democratic nomination for Congress in the 5th (Wisconsin) District, addressed the people of Appleton, on the 22d inst., in favor of Grant and Colfax.

Henry L. Wait of Albany, N. Y., was a Democratic member of Assembly in 1863; but he cannot stand the Democracy of Pendleton and Blair. He is neither a repudiator nor a revolutionist, and so goes for Grant and Colfax.

Judge Pierrepont an old Democrat of New York, abandons Seymour and not only goes for Grant, but contributes \$20,000 to aid the Republican cause.

BASE BALL.—We have received some four reports of match games of Base Ball, for which we have no room, and can only give the aggregate of the scores. At Perkinville, on the 8th inst., a game between the Chesters and Alphas, of Springfield, resulted in favor of the Chesters, 49 to 39.

The Waukeshetiquet of Londonderry, and Farmer's of Andover recently played two games, in which the Farmer's won both times, the first 40 to 25, and the second 42 to 13.

Another matched game was played on the banks of the river in Springfield, a few days since, between the William's River club of Bartonville, and the Skitchawaugs of Springfield, standing 29 for the former to 24 for the latter.

COE'S COUGH BALSAM. This long tried and popular Remedy is again called to the attention of the public. As often as the year rolls around, the proprietors annually make their best to the people, and remind them that amongst the many things required for the health, comfort and maintenance of the family through the long and tedious months of winter, Coe's Cough Balsam should not be forgotten. For years it has been a household medicine—and mothers anxious for the safety of their children, and all who suffer from any disease of the throat, chest and lungs, cannot afford to be without it. In addition to the ordinary four ounce size in the market, we now furnish our mammoth family size bottles, which will, in common with the other size, be found at all Drug Stores.

FOR CROUP, WHOOPING COUGH, SORE THROAT, HARD COLDS AND COUGHS, SORENESS OF THE THROAT, CHEST AND LUNGS.

Do not delay in procuring and immediately taking Coe's Cough Balsam, when troubled with any of the above named difficulties. They are all preliminary symptoms of Consumption, and if not arrested, will sooner or later sweep you away into the valley of shadows from which none can ever return.

IN CONSUMPTION, IN SHORT. The people know the article, and it needs no comment from us. It is for sale by every Druggist and Dealer in Medicines in the United States.

READ! READ!! READ!!! THE ATTENTION OF THE PEOPLE IS CALLED TO THE World's Great Remedy, COE'S DYSPEPSIA CURE. This preparation is pronounced by Dyspeptics as the only known remedy that will surely cure that aggravating and fatal malady. For years it swept on its fearful tide, carrying before it to an untimely grave, its millions of sufferers.

COE'S DYSPEPSIA CURE HAS COME TO THE RESCUE. Indigestion, Dyspepsia, Sick Headache, Sourness or Acidity of Stomach, Rising of Food, Flatulency, Lassitude, Weariness, finally terminating in Death.

Are you surely cured by this potent remedy, as the patient takes it. Although but five years before the people, what is the verdict of the masses? Hear what Lester Sexton of Milwaukee says:

From LESTER SEXTON of Milwaukee. MILWAUKEE, Jan. 24, 1868. Messrs. C. G. Clark & Co., New Haven, Conn.: Both myself and wife have used Coe's Dyspepsia Cure, and it has proved perfectly satisfactory as a remedy, I have no hesitation in saying that we have received great benefit from its use.

A GREAT BLESSING. From Rev. L. F. WARD, Avon, Lorain Co., O. Messrs. Strong & Armstrong, Druggists, Cleveland. Gentlemen:—It gives me great pleasure to state that my wife has derived great benefit from the use of Coe's Dyspepsia Cure. She has been for a number of years greatly troubled with Dyspepsia, accompanied with violent paroxysms of constipation, so protracted that she was all the while for months, unable to do anything. She took, at year instance, Coe's Dyspepsia Cure, and has derived GREAT BENEFIT FROM IT, and is now comparatively well. She regards this medicine as a great blessing. Truly yours, L. F. WARD, Jan. 13th, 1868.

CLERGYMEN. The Rev. ISAAC AIXES, of Allegheny, testifies that it has cured him, after all other remedies had failed.

DRUGGISTS. Any druggist in the country will tell you, if you take the trouble to enquire, that every one who buys a bottle of Coe's Dyspepsia Cure from them, speaks in the most unqualified praise of its great medicinal virtues.

COE'S DYSPEPSIA CURE. Will also be found invaluable in all cases of Diarrhea, Dysentery, Cholera, Summer Complaint, Grippe, and in fact every disordered condition of the Stomach.

M. B. Q. S. OUR REASONS AND WE TRUST OUR JUDGMENT in calling the public attention to MOTHER BAILEY'S QUIETING SYRUP, are furnished by the frequency and fatality of the disease of Infancy and childhood. So alarming and serious are the diseases, that one child in three dies before the fifth year. Those facts afford conclusive argument for inducing on mothers the importance of using a remedy, which contains no Morphine as therefore use no other, when timely used to effect a cure. It greatly assists the child through the months of teething, allays all pain, reduces inflammation, corrects acidity of the stomach, and never fails to regulate the bowels; makes sick and weak children strong and healthy, produces natural sleep for the child, thereby affording rest to the mother. For summer complaints, Dysentery and Diarrhoea, it has no equal. For Wind, Colic, Convulsions, Griping, &c. it never fails to give immediate relief. MOTHER BAILEY'S QUIETING SYRUP, the children, is an original medicine, well established, therefore use no other, and you are safe. For Sale by all Druggists and Dealers in Medicine.

A. RICHARDS, New London, Conn. Agent for the United States. 21-30-19
