LOCKPORT, N. Y.

Monday Evening, Aug. 5, 1868.

CITY AND VICINITY.

REWARD.

LOST, on MAIN STREET, Monday evening, 27th, between nine and ten o'clock P. M., a plan of the proposed front of the new Journal Building. The plan was enclosed in an envelope addressed to M. C. RICHARDSON, post marked at New York. On the envelope were several stamps of sealing-wax. The plan was on "tracing paper," and on the corner of the sheet was the name of the Architect, D. J. Atwood. On the upper part of the drawing, in Roman letters the words JOURNAL AND COURIER, in circular form. The finder will receive $5 reward on leaving the same at the JOURNAL office.

Local Brevities.

—John B. Gough has received more than eight hundred applications for his services as a lecturer the coming season. We ought to have a snap at him.

—The horse "Billy Boyce" paced one mile in 2:14½ in Buffalo on Saturday afternoon last. This is the fastest pacing time on record.

—It is a curious fact that neither prussic acid, arsenic nor opium are poisonous to snakes, while tobacco is so fatal to them that a pinch of snuff is sufficient to poison them.

—The next fair of the Pleasant Valley Grape Growers' Association is to be held at Hammondsport, on the 22d, 25th, and 26th days of September—ten days earlier than usual.

—Buffalo lager, fresh tap every two hours, on draught at Smith's Restaurant, under the Niagara County National Bank. Indulgers therein, make a note of it, and also read his advertisement.

—The Hoop Skirt manufactory of A. White is to be removed from Pine street to the store formerly occupied by Brott & Brown, No. 86 Main street, this week. Mr. W. is doing an extensive business in his line and his work is giving general satisfaction.

—Alfred Van Wagoner has purchased a lot adjoining the site upon which Jesse Shaffer has commenced the erection of a store-house, on Market street, with the intention of building a custom mill. The work is to be completed this season, so we are informed. Mr. Van Wagoner purchased of Calvin Haines, at $100 per foot.

—We learn that Mr. A. D. Lord, who had been offered the position of Superintendent of the Institution for the Blind, has accepted the same, and will shortly enter upon the duties of his office. Mr. L. has for some time held a similar position in the Ohio State Institution for the Blind, which he has resigned, to take charge of the Institution at Batavia.

—An eight-hour-a-day man, in going home the other evening for his supper, found his wife sitting in her best clothes, on the front stoop, reading a volume of travels. "How is this?" he exclaimed. "Where's my supper?" "I don't know," replied the wife, "I began to get breakfast at six o'clock this morning, and *my eight hours ended at 2 o'clock P. M.*"

—The members of Niagara Cricket Club will assemble upon the Fair Grounds on Tuesday afternoon, Aug. 4d, at three o'clock, for a practice game of cricket. Let there be a general turnout of its members, as it is desirable on account of work coming before the Club.

J. HARVEY MURPHY, Sec'y.

—Osceola Engine Co. No. 1, are to hold a grand picnic in Rogers' Grove on Wednesday, the 12th inst. The Committee of Arrangements are composed of men who are "on duty" at fires, and in the capacity to which they are now called, will be equally as efficient. Refreshments will be served, and good music will be in attendance. The Fire Department and citizens generally are invited to attend.

—To-day the colored people of the United States celebrate the 20th anniversary of the emancipation of slaves in the West Indies; also the Emancipation Proclamation of Abraham Lincoln. In this city a public demonstration is being made, and delegations of colored people from Rochester, Buffalo, Niagara Falls, Canandaigua, Geneva, and many other places in Western New York, are present. Kohr's brass band of Buffalo, furnish music for the occasion. Frederick Douglass delivers the address. To-morrow we will give a full report of the celebration.

—The friendly game of base ball played between the Niagaras, of this city, and the White Ash Club, of Royalton, upon the former's grounds, on Saturday afternoon last, was attended with good results upon both sides, as they are each in want of practice. The White Ash club is composed of material that will in time make itself known and felt, if it is studious to "*his*," and seeks practice through the course adopted last Saturday, for they are all good size, healthy, intelligent, and gentlemanly young men, and there is not a point about the game that they do not understand; but they readily drink in. One great fault is, they lack confidence in themselves, and do love to *stick* to their bases when they get them, but time and practice will obviate all this. H. O. Sibly, their captain, wants to make the importance of his position a little more prominent and get his boys under complete subordination that they may pay strict attention to the word of command, and the rest of the field keep quiet. The Niagaras may with safety take part of this to themselves, as there is more or less insubordination in every game played. We understand that the White Ash boys intend to play again at no distant day, and no doubt will give a better account of themselves. The game resulted in favor of the Niagaras.

The Potato Slug.—The Rochester Democrat of Saturday says: We learn from our exchanges that the potato slug described by them as "of a dirty pink color with a slimy aside, like appearance and very voracious," is committing ravages in various sections. We warned the readers of the Democrat against this nuisance some weeks ago, and gave a simple and effectual remedy. It is simply to raise the vines quickly with a hoe-handle or pole from the under side. This knocks off the slugs, killing most of them, for they are very tender. Those that escape are too low to get onto the vines again. It's a tedious operation, but it does the business

PIC NIC.—On Saturday, August 15th, for the benefit of the poor, under the auspices of the St. Vincent De Paul Society. Further particulars will be given hereafter.

SHUNNEN WHEAT.—The Rochester Union of Saturday evening says: A prominent and candid miller of this city, who is in a position to know something of the quality of the wheat grown hereabouts, declares it to be his belief that the crop will fall below an average, chiefly on account of shrinkage. Those fields first harvested and threshed, produced shrunken grain. A resident of an adjoining town who had repeatedly boasted that his was the best field of wheat in his town, got less than twenty-eight bushels to the acre. The best field in a wheat growing town ought to yield forty bushels to the acre to make a handsome average. This shrinkage is attributed to the very hot and dry weather. As the region which suffered from the drouth is quite limited, it is possible that the loss is not great outside of Monroe, Orleans and Wayne counties.

A New Business City Directory.

James H. Staats, of this city, is now engaged in canvassing for a new City Directory. The last Directory is very imperfect in many particulars. The parties engaged on that work were strangers, and took no special interest in the work, unless we except "the almighty dollar." In order to get up a *reliable* directory the compiler should be an old resident of the city; he must be thorough and energetic. All this we can safely say of Mr. Staats. He has engaged the services of John E. Harwood and Wm. N. Leonard, both efficient young men, and the public may rest assured that a *thorough* canvass will be made. It is the design of the author to intersperse his Directory with Biographical sketches of our most prominent deceased citizens.

Mr. S. will introduce many new features. It will be his aim to make it not only a reliable directory, but a readable book,—one that will be sought for by every family as a book of reference. In price, it will come within the reach of every person. Business men will find it greatly to their advantage to advertise in the New City Directory.

PUBLIC EXERCISES IN THE MISSION SABBATH SCHOOL.—We attended yesterday afternoon the public exercises of the Mission School, High street, it being the occasion of the ninth anniversary of the organization. A number of visitors were present and the scholars were well trained in the pleasing programme presented. In the absence of the regular Superintendent, J. W. Helmer, (being confined to his home on account of illness), James Atwater was called to take charge of the exercises. It gives us pleasure to note of the progress this school has made in leading youthful minds to the cross, and the officers and teachers are deserving of the gratitude of our citizens for their untiring efforts in the welfare of this school. The acting Superintendent stated that the illness of Dr. Holmer would deprive the audience from hearing a detailed statement of the progress of the school from its organization nine years since, and we offer as a suggestion that the report be furnished for publication, that the supporters of the great and good work and citizens generally, all feeling a deep interest, might be benefitted thereby. Rev. Mr. Pullor, of Hamilton, C. W., was called upon and made remarks appropriate to the occasion.

BOARD OF EDUCATION.

REGULAR MEETING.

Friday Evening, July 31, 1868.

Present—S. Wright, President; Messrs. Atwater, Avery, Ford, McMaster, Mansfield, Moore and Sult.

The resignation of Miss Theresa Ballou, as Principal of Secondary School No. 1, was read and accepted.

Some applications were received for situations in the public schools.

The subject of engaging and transferring teachers to supply vacancies that may exist previous to the commencement of next term was referred to standing committee No. 3 with power.

The consideration of the proposals for building a schoolhouse on the site at the corner of Clinton and Adam streets was postponed till Friday evening next; and the Secretary was directed to advertise that proposals will continue to be received by him till that time at his office at Holt & Atwater's, No. 77, Main street, where the plan and specifications will remain for public inspection.

A certified copy of the two resolutions adopted at the last meeting of the Board, relative to the sums required for the purposes of education for the ensuing year, was directed to be transmitted to the Common Council of the city of Lockport, pursuant to law.

Sundry orders were authorized to be drawn.

Adjourned to Friday evening next, Aug. 7th, 1868.

The Niagara County Agricultural Society.

The regular monthly meeting of the Board of Managers of the Niagara County Agricultural Society was held at the Common Council Rooms, in this city, on Saturday last. There were present: Alexander Campbell, President, John H. Buck, Vice President, John E. Pound, Secretary, Albert Flanders, George B. Townsend, D. D. Davison, Jonas Young and G. J. Baugham, Directors.

The Board took into consideration the premium list for the coming Fair, and made several amendments to the same by increasing both the number and amount of the premiums to be offered. The premiums for trotting will be double the amount of those last year. On motion, the President was authorized to invite several prominent owners of stock in Canada to be present at the Fair with their stock. On motion, a committee of three, together with the Secretary, was appointed to make arrangements for the publication of the premium lists and show bills for the annual Fair. The President appointed Messrs. John H. Buck, Albert Flanders and George B. Townsend, to act with the Secretary as such committee.

It was resolved to hold the annual Fair on Thursday, Friday and Saturday, September 24th, 25th and 26th, 1868, being the week before the State Fair is appointed to be held at Rochester. The following officers were chosen to act on the day of the Fair, viz: Marshall, Col. Joel B. Baker, of Cambria; Assistant Marshalls, Col. Frank N. Wicker, of Lockport, and G. Frank Green, of Lockport; Superintendent, Andrew J. Sawyer of Royalton. The Secretary was directed to give notice to the town Vice-Presidents to be present at the next regular monthly meeting of the Board of Managers, to consult with them in reference to the appointment of judges. Several applications for the privilege of selling refreshments on the Fair Grounds were received, which on motion, were laid over until the next meeting. The Board then adjourned to meet at the Common Council Rooms in this city, on Saturday, September 5th, 1868, at 1 o'clock P. M.

Swinging Round the Circle.

There are fifty ways of alleviating the agonies of dyspepsia for the moment, but there is only one way to cure it. After "swinging round the circle" of temporary palliatives the patient finds that the disease, so far from being subdued, has actually gathered strength, while he has been parleying with its symptoms.

The only way to get rid of the demon is to endow the stomach with sufficient strength to *cast it out and keep it out.* Impart permanent energy to the digestive organs with HOSTETTER'S STOMACH BITTERS, and the object is accomplished. This powerful vegetable remedy is not a mere stimulant. It does not brace up the gastric machinery for an hour or two, leaving it, when the temporary excitement has passed off, in a worse state than before. Such is the effect of the ordinary alcoholic nostrums They keep the stomach in a perpetual see saw between unnatural activity and utter relaxation. Not so the BITTERS. Medicated with the finest tonic, alterative and anti-bilious extracts, they permanently reinforce and continuously regulate the assimilating organs. Such is the experience of tens of thousands. At this debilitating season of the year, when the solvent principle of the gastric juice is weakened by a constant drain of the animal fluids through the pores, HOSTETTER'S BITTERS is an article of prime necessity for the weak. To neglect the use of a tonic and alterative, so wonderfully efficacious and entirely harmless, is simply to forego the blessings of health and vigor, and voluntarily accept feebleness and discomfort in their stead

ONLY 25 CENTS FOR LARGE BOTTLES!—Mother Bailey's Quieting Syrup for Children, which greatly assists the child through the months of teething, allays all pains, reduces inflamation, corrects acidity of the Stomach, and never fails to regulate the bowels. For sale in Lockport by Ralston & Huntley.
